

Elizabeth "Lizzie" Mikkelsen

Lizzi is currently a freshman at Hudson Valley Community College in Troy NY working towards an associate's degree in order to be licensed funeral director in Vermont.

She has been passionate about this career for a few years now and has learned so much about how to be a good funeral director.

When she is not studying for classes, she enjoys going on adventures like concerts, urban exploration, or road trips with family.

Receiving this scholarship made her realize that hard work really does pay off and has motivated her to continue doing so.

Thank you ABFSE and ASD for this opportunity to finish her journey to becoming licensed in such an important field.
