Roselyn Marie Moreno

Roselyn is enrolled at American Academy McAllister Institute and is working toward becoming a licensed funeral director in the state of New York. She has a BFA in Theatre Performance from Florida International University in Miami, FL.

Becoming a funeral director has been a major career shift for Roselyn, and while she didn't expect to go on this journey, it has truly felt like a calling for her. She worked in the film industry for 10 years before her decision to switch gears. She was a member of Local 817 Theatrical Teamsters in Locations. She had worked on many productions during that time including *Marvelous Mrs. Maisel*, *Succession*, and *FBI*.

Roselyn loves learning and is passionate about reading and writing. She also has not let go of her love of the stage and sings at open mics and in her free time. She is looking forward to expanding her knowledge on restorative art post-graduation and wants to be a part of DMORT in her career. Thank you to ABFSE for giving her this opportunity to grow, learn, and flourish in her endeavors.
