INTRODUCTION

The ABFSE Accreditation and Policy Manual (The Manual) provides the framework for institutions and programs, the funeral profession and the public to understand and evaluate the process of accreditation of funeral service education.

The Mission of ABFSE is to advance funeral service education and practice through high standards that prepare students for careers. The Manual includes the accreditation standards and the policies and procedures of ABFSE, including the Constitution and By-Laws.

The ABFSE Committee on Accreditation (COA) reviews The Manual on a continuous basis, making minor revisions and editorial changes as appropriate. Major revision dates are indicated in the footer of each page of The Manual.

Accreditation Standards undergo formal review every five years as described in Chapter X, Section F. Procedures for Review of Standards are found in Appendix H. The most recent Review of Standards involved a 2-year process which began in 2017 and culminated in April 2019 approval with the revised standards taking effect January 1, 2020.

The Manual is available on-line and may be downloaded without charge from the ABFSE website www.abfse.org via the ‘About’ tab or the ‘Accreditation’ tab.

Questions about any aspect of The Manual and/or suggestions for correcting any errors identified in the text are welcomed.

NOTE: At present, the COA only accredits institutions and programs in the United States. However, the COA would consider applications for accreditation from institutions and programs in other countries. Accordingly, references to "state" throughout The Manual are properly viewed as inclusive of other appropriate governmental entities. Similarly, language throughout referring to degrees, semesters, terms, governance, etc., may be considered as implicitly including reasonable equivalencies as determined by the COA.

CHAPTER I

THE AMERICAN BOARD OF FUNERAL SERVICE EDUCATION

BRIEF HISTORY

The predecessor of the American Board of Funeral Service Education was established in 1946 as the Joint Committee on Mortuary Education (Joint Committee) by joint resolutions of the National Funeral Directors Association (NFDA), the Conference of Funeral Service Examining Boards of the United States (renamed the International Conference of Funeral Service Examining Boards in 1998 - ICFSEB) and with the concurrence of the associations of school and colleges concerned with funeral service education.

The Joint Committee was composed of three representatives appointed by NFDA, three representatives appointed by The Conference, and three representatives of the schools and colleges.

The original constitution provided that the Joint Committee "shall make and enforce its rules and regulations governing its procedure and conduct, and [it] shall formulate and promulgate and enforce rules and regulations setting up standards concerning the schools and colleges teaching mortuary science."

The constitution also stated, "the power to accredit schools and colleges of mortuary science shall be vested in the Conference of Funeral Service Examining Boards of the United States, Inc.," with the further provision that "schools and colleges of mortuary science shall have the right of appeal from decisions of the accreditation committee of the Conference of Funeral Service Examining Boards of the United States, Inc. to the appellate board of the Joint Committee on Mortuary Education. Rules and procedures for the appellate board shall be promulgated by the Joint Committee on Mortuary Education."

In 1959, the name of the Joint Committee on Mortuary Education was changed to the American Board of Funeral Service Education.

In 1962, authority for accreditation of funeral service institutions/programs was transferred from the Conference to the American Board of Funeral Service Education (ABFSE). The ABFSE has continued that function and is currently the only accrediting agency in the United States in the field of funeral service education.

In keeping with the principle of accreditation by peers, the ABFSE amended its constitution and by-laws in 1970 to provide for the establishment of a Commission on Schools within the framework of a restructured American Board of Funeral Service Education.

The function of the Commission on Schools was described as:

1. to prepare for and certify to the American Board criteria and procedures for accreditation;
2. to receive reports of the Standards and Criteria committee and to certify to the American Board those schools that meet such criteria and are to be accredited; and
3. to establish, in cooperation with the American Board, appellate procedures on accreditation certifications of the Commission.

In 1978, in response to recommendations made by the U.S. Office of Education, an ad hoc committee of the American Board of Funeral Service Education was appointed for the purpose of restructuring the ABFSE in accordance with U.S. Office of Education recommendations. At that time, the Commission on Schools was changed to an autonomous and self-perpetuating standing committee of the Board and renamed the Committee on Accreditation (COA).

The American Board of Funeral Service Education has been recognized by the U.S. Dept. of Education (formerly the U.S. Office of Education) as the accrediting agency in funeral service education since 1972 and the American Board was accepted into the Council on Postsecondary Accreditation (COPA) in 1988 as a member of its Assembly of Specialized Accrediting Bodies. In 1993, COPA became the Council on Recognition of Postsecondary Accreditation.
CORPA), which continued recognition of the ABFSE. Since 1997, ABFSE has been recognized by the Council for Higher Education Accreditation (CHEA), which replaced CORPA.

In 2022, the Council for Higher Education Accreditation (CHEA) renewed the recognition of the ABFSE Committee on Accreditation (COA) for a ten (10) year period. ABFSE submitted interim reports to CHEA in 2015 and 2018 and again in 2019-20 as CHEA transitions to a seven (7) year recognition cycle.

The National Advisory Committee on Institutional Quality and Integrity (NACIQI) makes recommendations to the U.S. Department of Education regarding recognition of accreditors. In June 2008, NACIQI recommended that the US Secretary of Education grant continued recognition to ABFSE for the full period of five (5) years. After several delays due to changes at The Department of Education, ABFSE recognition was re-affirmed in 2012.

During 2015, ABFSE completed the re-recognition petition for the U. S. Department of Education and appeared before NACIQI once again. Five (5) year recognition renewal was granted by the US Secretary of Education. The next recognition renewal is expected to commence in 2020.

In 1987, the curriculum of the American Board of Funeral Service Education underwent a complete review and a new policy on annual reviews was implemented to ensure that each curriculum outline is updated at least every five (5) years. In 1988 and again in 1995, The Manual on Accreditation was extensively rewritten and updated to incorporate many necessary policy changes as recommended by USDE, CHEA, and ABFSE members. Additional revisions and editorial changes have occurred on an annual basis since then.

In 1995, all Standards of Accreditation were reviewed and updated by the Committee on Accreditation (COA) and provisions were instituted for future reviews every five (5) years.

In 1995, ABFSE membership included forty-two (42) accredited college and university programs in Funeral Service Education and Mortuary Science, with four (4) additional programs in the process of applying for accreditation. In 2019, there were fifty-seven (57) accredited programs, three (3) programs in candidacy and one (1) in the process of applying for accreditation.

In April 2002, the American Board of Funeral Service Education approved a new Constitution and By-Laws which included provisions for membership of additional funeral service organizations. The National Funeral Directors and Morticians Association (NFDMA) was admitted to full ABFSE membership in September, 2002. In 2009, the International Cemetery, Cremation and Funeral Association (ICCFA) also became a member. Cremation Association of North America (CANA) was approved for membership in 2017 and ICCFA withdrew from membership in May 2018.

The Committee on Accreditation (COA) expanded its voting membership when it welcomed a representative from the National Funeral Directors and Morticians Association in April, 2005. In 2012, ICCFA and the College and University Council were added to the voting membership of the COA. ICCFA withdrew from membership in May 2018. Voting members of COA currently total eleven (11): seven (7) educators, two (2) industry representatives and two (2) public members. A CANA representative joined the COA in 2020.

Institutions accredited by ABFSE must offer a program at the associate degree level or higher, or its equivalent (i.e., 60 semester credits of a prescribed curriculum) and meet the required standards of the ABFSE. The ABFSE Accreditation and Policy Manual is available on-line and may be downloaded without charge from the ABFSE website www.abfse.org via the ‘About’ tab or the ‘Accreditation’ tab. Revised accreditation standards take effect January 1, 2020.

Interested parties are invited to submit written comments concerning the qualifications for accreditation or candidacy of any listed program. Comments received will be considered by the Committee on Accreditation (COA) as part of its regular program review.

A. The Committee on Accreditation (COA) shall consist of twelve (12) members, including two (2) public members.

Representative of the public means a person who is not –

a) An employee, member of the governing board, owner, or shareholder of, or consultant to, an institution or program that either is accredited or pre-accredited by the COA or has applied for accreditation or pre-accreditation,

b) A member of any trade association or membership organization related to, affiliated with, or associated with the COA or ABFSE; or

c) A spouse, parent, child, or sibling of an individual identified in paragraph “a” or “b” of this definition.

In addition, membership includes one (1) representative each from the funeral service associations; three (3) representatives from the single purpose institutions of funeral service education; and three (3) representatives from the multi-purpose institutions of funeral service education, and one (1) educator representing the College and University Council. The chairs of the site visit team are ex-officio non-voting members of the COA. The chairs may participate in discussion but may not make motions. The officers of the ABFSE shall not be a member of the COA and are not entitled to the written reports to, or from, the COA.

At least twenty-five percent (25%) (of which includes one educator and one public member) of the voting members of the COA must demonstrate significant experience in Distance Education at the supervisory, developmental, or practitioner level.

Voting by the COA members at any regularly scheduled, or special meeting, shall be done by a majority of its entire membership.

Funeral service associations that are accepted as members of the ABFSE must complete a three (3) year waiting period before they are eligible to have a member on the COA. Association members must maintain membership in good standing for the entire three (3) year period to be eligible.

The function of the COA shall be to grant candidacy, initial accreditation, or reaccreditation to institutions of funeral service education.

1. The COA possesses the sole authority to perform the functions as stated in Section A-1 by virtue of the authority delegated by the ABFSE and the recognition awarded by the U.S. Department of Education. An institution of funeral service education adversely affected by the decisions of this committee may avail itself of the appellate procedure.

2. The members of the COA shall serve for a term of three (3) years, exclusive of original appointments, which shall be staggered in such a way as to provide for orderly transition. Members shall be eligible for

2-5
reappointment for only one (1) additional consecutive three-year period. Members are selected by the COA.
The COA will announce vacancies on the committee as they occur and will solicit nominations for
individuals to fill the vacancies from the appropriate constituencies as prescribed in the Accreditation and
Policy Manual, Chapter X, Policies, Section P. The COA will select new members only from nominations
received.

3. The COA shall elect a chairperson and a vice-chairperson who shall serve as chair in the event the chair is
absent or unable to serve. The Executive Director shall serve as secretary for this committee.

4. The Executive Director of the ABFSE, or chairperson of the COA, shall select the chairperson of the site visit
teams and their members in consultation with the institution being examined.

5. The COA shall appoint educators from disciplines other than funeral service education to serve as chairs of
the site visit teams. Appointments shall be for a period of three (3) years, renewable. The chairs shall serve
as ex-officio members of the COA.

6. The COA shall create its own budget annually and submit it to the ABFSE for inclusion in the overall budget.
The COA shall be autonomous in its expenditures and revenues.

7. The COA shall meet regularly twice each year, in the fall and in the spring. The COA may also choose to
hold special meetings either in person, by conference call, or by video call when dealing with issues deemed
too timely to wait.

B. The Scholarship Committee shall consist of a minimum of eight (8) members with educators comprising the
majority of the membership but with a representative from each member association.

C. The National Board Examination Liaison Committee shall consist of a minimum of eight (8) members with
educators comprising the majority of the membership but with a representative from each member association.

D. The Finance Committee shall consist of the Executive Committee of the ABFSE.

E. The Curriculum Committee shall consist of a minimum of eight (8) members with educators comprising the
majority of the membership but with a representative from each member association.

F. The College and University Council shall consist of the representatives from each institution or program of
funeral service education accredited by the ABFSE, with each ABFSE accredited institution or program having
one (1) vote. The College and University Council shall meet at least at each annual conference and shall elect its
own officers. Minutes from the meetings will be included as a portion of the official minutes of the ABFSE
annual conference.

This Council shall perform the following assigned responsibilities:

1. Review all notices of motion prior to each annual meeting of the ABFSE and recommend action to be taken
on each.

2. Raise for discussion and recommendation to the ABFSE, such issues related to the policies and procedures
of the ABFSE and any of its committees deemed appropriate, so long as actual ABFSE vote on new policies
follows the requirement of at least thirty (30) days’ notice prior to formal ABFSE action.

3. Serve as the "caucus" for all academic programs/institutions which are members of the ABFSE.

4. Establish a Nominating Committee to present a slate of names to the membership at the Annual Meeting for
each officer position that is available. Candidates for office will be presented by the Nominating Committee
of the College and University Council or they may be nominated from the floor at the Annual Meeting.
G. The Program Committee shall consist of a minimum of eight (8) members with educators comprising the majority of the membership but with a representative from each member association. This Committee shall plan programs and workshops for the annual conference.

H. The Constitution and By-Laws Committee shall consist of a minimum of eight (8) members with educators comprising the majority of the membership but with a representative from each member association. This Committee shall periodically review the Constitution and By-Laws and respond to requests for review from the Executive Committee.

I. The Accreditation Liaison Committee shall consist of the officers of ABFSE and three (3) ABFSE members appointed by the President, who do not currently serve on the Committee on Accreditation. The appointed members of the committee shall serve at the discretion of the President for a one (1) year term. At least one (1) member of the Accreditation Liaison Committee shall represent a single-purpose institution and one (1) member shall represent a public institution. An appointed member shall not serve more than two consecutive terms (2 years).

The purpose of the Accreditation Liaison Committee is to foster and enhance communication between the ABFSE membership, the elected officers, and the members of the Committee on Accreditation. The Accreditation Liaison Committee members shall not serve as voting or Ex-officio members on the Committee on Accreditation and shall not be considered members of the Committee on Accreditation.

The Committee on Accreditation shall allow adequate time on each of their meeting agendas for members of the Accreditation Liaison Committee to meet with the entire Committee on Accreditation to communicate information and concerns beneficial to the members of ABFSE and the Committee on Accreditation. The Accreditation Liaison Committee shall not be present during regular Committee on Accreditation matters prior to the agenda item and shall be excused from the meeting once the agenda item is concluded.

ARTICLE VII

Written notices of all meetings shall be transmitted by mail or electronically to each of the members at least thirty (30) calendar days prior to the date of such meetings.

ARTICLE VIII

When not inconsistent with the Constitution and By-Laws of the ABFSE, the latest edition of Roberts Rules of Order shall govern its deliberation.

ARTICLE IX

A majority (51%) of designated representatives of the ABFSE membership who are entitled to cast a vote at any meeting or annual conference shall constitute a quorum at such meeting.

ARTICLE X

By-Laws may be altered, repealed or amended at any regular or special meeting by a two-thirds vote of the members present, provided written notice of such changes has been transmitted by mail or electronically to all members at least thirty (30) calendar days in advance of such meeting.

ARTICLE XI

A. Any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed cause of action, suit, or proceeding, whether civil, administrative, or investigative (other than a suit by or in the right of the ABFSE) by reason of the fact that he/she is or was a trustee, director, officer, employee, or agent of the ABFSE, or is or was serving at the request of the ABFSE as a trustee, officer, director, employee or agent of another corporation, partnership, employee, or agent of another corporation, partnership, joint venture, trust...
or other enterprise, shall be indemnified by the ABFSE for expenses (including reasonable attorney's fees), judgments, fines, and amounts paid in settlement, actually and reasonably incurred by him/her in connection with such cause of action, suit or proceeding if he/she acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interests of the ABFSE, and, with respect to any such action or proceeding, had no reasonable cause to believe his/her conduct was unlawful.

B. However, no indemnification shall be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable for personal misconduct or intentionally wrongful activity, or any activity outside the scope of his/her duties performed for the ABFSE. Nor shall any damages be paid for negligence or exemplary damages.

C. Expenses incurred in defending a civil or criminal action, suit, or proceeding may be paid by the ABFSE in advance of the final disposition of such action, suit, or proceeding as authorized by the Executive Committee in a specific case upon receipt of an undertaking by or on behalf of the trustee, director, officer, employee, or agent to repay such amount, unless it shall ultimately be determined that he/she is entitled to be indemnified by the ABFSE as authorized in this article.

D. The ABFSE may purchase and maintain insurance on behalf of any person who is or was a director, trustee, officer, employee or agent of the ABFSE, or is or was serving at the request of the ABFSE in any such capacity.
CHAPTER III

THE ACCREDITATION PROCESS

A. DEFINITION AND PURPOSE OF ACCREDITATION

Accreditation is a process through which a program or institution voluntarily submits to evaluation by its peers against an established set of standards. The American Board of Funeral Service Education, through its Committee on Accreditation, is charged with the responsibility for implementing a process to achieve the following purposes:

1. develop, approve and improve the standards of funeral service education and thereby protect the public interest;

2. describe the characteristics of an accredited institution of funeral service education;

3. assist each institution in upgrading its own standards through a continuing system of self study, visitation, evaluation and consultation;

4. provide a dependable basis for prospective students' evaluation and selection of an institution offering funeral service education;

5. provide an opportunity for interinstitutional relationships; and

6. provide a list of accredited institutions to the public and to all agencies interested in funeral service.

The accreditation process has three (3) major components:

1. Self study conducted carefully and thoroughly by the institution. The results are summarized in the Self study Report and submitted to the Committee on Accreditation.

2. On-Site Visit conducted by a site visit team selected by the Committee on Accreditation. The site visit team prepares a Site Visit Evaluation Report which is submitted to the Committee on Accreditation and reviewed by the program.

3. Committee on Accreditation Action which is based upon a thorough review of all documentation, including the program's formal responses to the Site Visit Team Report.

Each of the above components is discussed in detail in Chapter V (Accreditation Procedures) of this manual.

B. THE ABFSE COMMITTEE ON ACCREDITATION (COA)

The COA is a standing committee of the American Board of Funeral Service Education. It functions autonomously and independently of the Board. The COA has the sole authority to approve and revise standards, grant candidacy, award or deny accreditation, and take all other actions related to an applicant's accreditation status except Appellate Review.

The COA consists of up to twelve (12) members elected by the Committee, including two (2) public members. (See membership in Article VI A of the By-Laws.)

Representative of the public means a person who is not –

a) An employee, member of the governing board, owner, or shareholder of, or consultant to, an institution or program that either is accredited or preaccredited by the COA or has applied for accreditation or preaccreditation;
b) A member of any trade association or membership organization related to, affiliated with, or associated with the COA or ABFSE; or

c) A spouse, parent, child, or sibling of an individual identified in paragraph ‘a’ or ‘b’ of this definition.

In addition, membership includes one (1) representative from each affiliated organization, three (3) representatives of the private institutions of funeral service education, and three (3) representatives of the public institutions of funeral service education.

At least twenty-five percent (25%) (of which includes one educator and one public member) of the voting members of the COA must demonstrate significant experience in Distance Learning at the supervisory, developmental, or practitioner level.

The COA appoints educators from disciplines other than funeral service education to serve as Chairpersons of site visit teams. The COA and its staff are responsible for selecting site visit team members in accordance with Chapter V of this manual.

C. ELIGIBILITY FOR INITIAL ACCREDITATION BY THE ABFSE

To be eligible for accreditation by the ABFSE, the applicant must:

1. offer a program of at least sixty (60) semester or ninety (90) quarter credit hours leading to a degree or diploma in funeral service education;

2. have a license or charter from the appropriate governmental agency to operate and award a degree or diploma;

3. submit a feasibility study which includes all documentation and information required by the COA of the ABFSE;

4. meet or exceed the published accreditation Standards of the ABFSE;

5. have achieved Candidacy Status (Chapter IV, Candidacy Status);

6. institutions/programs in candidacy status must have at least one (1) class of students taking the second half of the program and enrolled in clinical embalming. Students are not eligible to take the NBE until the program achieves accreditation;

7. have a governing board which shall exercise all powers that may be performed by the institution under the license or charter above; and

8. have a chief executive officer directly accountable to the governing board.

9. ensure that its program director has attended the Self study Workshop (workshops are offered twice a year).

10. After completion of the Candidacy Phase:

    a. the CEO of the institution makes a formal request to initiate the accreditation process;

    b. an application for initial accreditation is submitted;

    c. the program conducts a Self study; a site-visit is scheduled;

    d. a Self study report and other required documentation is submitted;

    e. an on-site visit is conducted;
f. a written report is submitted by the site visit team;

g. the program is invited to respond in writing to the site visit evaluation report;

h. the COA considers all documentation and oral testimony;

i. the institution is notified of the COA action; and

j. the COA publishes the accreditation status of the program.

11. Effective Date of Accreditation

For institutions or programs that achieve initial accreditation, the effective date of that accreditation is the date initial candidacy was awarded by the COA. Students who complete all coursework after the date candidacy is awarded, but before initial accreditation is achieved, will be permitted, after initial accreditation is awarded, to take the NBE and with all requirements completed, be considered graduates from an ABFSE accredited program.

D. ACCREDITATION CATEGORIES

Actions taken by the COA may result in one (1) of the following:

1. Pre-accreditation Categories

Candidacy. Awarded to new programs which, in the judgment of the COA, demonstrate the potential to meet the standards for accreditation.

Candidacy Withdrawn. Given to a program in Candidacy Status, which in the judgment of the COA, has failed to correct deficiencies as advised by the COA.

Candidacy Withheld. Given to a program which fails to demonstrate the potential to meet the standards for accreditation or fulfill the Candidacy eligibility requirements.

2. Accreditation Categories

a. Awarding Accreditation

(1) Accreditation. Initial or reaccreditation may be granted when the accreditation or review process confirms that the program is in compliance with all standards, with or without meeting specified stipulations.

(2) Probation. Probation is imposed when the program is not in compliance with the Standards and the deficiencies are so serious that the capability of the program to provide acceptable educational experiences for the students appears to be threatened. Most assignments of probation are based on evidence substantiated by a site visit. However, if the cited deficiencies are not in dispute, the COA may impose Probation without conducting a site visit.

(3) Administrative Probationary Accreditation is awarded by the ABFSE Executive Director for a maximum of ninety (90) days when an institution or program is not in compliance with one or more of the following requirements for maintenance of accreditation:

- Paying accreditation-related fees and charges within 60 days of the invoice date;
- Submitting reports or other required information by the due date;
- Agreeing to a reasonable on-site visit date at or near the time established by the ABFSE Executive Director;
- Advertising its programs ethically and accurately according to ABFSE policies (see Chapter X, Section D).
- Program Director turnover. The change of program director requires notification of the ABFSE office via the Substantive Change process (Appendix K). Administrative Probation applies when an interim program director does not possess the qualifications described in Standard 1.8.
Administrative Probationary Accreditation is an accreditation category and is not subject to appeal. Although the institution or program is recognized and listed as accredited during the period of administrative probationary accreditation, failure to completely remedy the situation by the date specified in the probationary letter may result in Involuntary Withdrawal of Accreditation as described under Section D (2)(b) of Chapter III.

Complete resolution of the situation cited in the administrative probationary accreditation letter, along with payment of the appropriate fee (see the fee schedule in Appendix D), will satisfy the administrative requirements and result in restoration of accredited status.

(4) **Show Cause.** If the conditions which led to the probation are not removed within the stated time, the program will lose its accreditation unless it can show good cause why accreditation should not be immediately removed.

The COA shall notify the program in advance (at least six months) that it must show good cause why accreditation should not be withdrawn.

While under Show Cause, the program may be granted a time frame similar to Probation in order to demonstrate that it is in full compliance with the Standards. During this time the program will be subject to special scrutiny by the COA, including a requirement to submit prescribed reports and possible special visit(s) by representatives of the COA. The costs of special visits are borne by the institution.

A Show Cause order does not alter the candidacy or accredited status of the program.

b. **Denying Accreditation**

(1) **Accreditation Withdrawn**

**Accreditation Withdrawn – Voluntary** (at request of sponsoring institution)

**Accreditation Withdrawn – Involuntary** (for failure to be in substantial compliance with the Standards or with administrative requirements.

The appropriate official is provided with a clear statement of each deficiency and is informed that the sponsoring institution may apply for accreditation as a new applicant whenever the program is believed to be in compliance with the Standards and with administrative requirements for maintaining accreditation.

The letter notifying the appropriate officials that the program has received Accreditation Withdrawn – Involuntary indicates that the institution may appeal the decision. (A copy of the Appeals Procedures for Accreditation Withdrawn is enclosed with the letter.)

(2) **Accreditation Withheld.** A program seeking Initial Accreditation may have Accreditation Withheld if the accreditation review process confirms that the program is not in compliance with Standards that are vital to the educational program.

The appropriate official is provided with a clear statement of each deficiency and is informed that application for accreditation as a new applicant may be made whenever the program is believed to be in compliance with the Standards.

### E. DURATION OF ACCREDITATION

The maximum duration of Accreditation is seven (7) years. Shorter durations may be awarded by the COA based upon the extent to which the program has deficiencies to be corrected. Maintenance of accreditation
throughout this period is contingent upon the submission of satisfactory annual reports and compliance with any stipulations issued.

In all cases of initial accreditation (i.e., moving from candidacy to accreditation), the initial duration of accreditation will be no longer than three (3) years.

In cases where a program being considered for renewal of accreditation is determined to have major deficiencies to be addressed, the duration of accreditation will be no more than five (5) years.

Probation is ordinarily granted for one (1) year, during which time the program is expected to correct deficiencies.

Candidacy Status is granted for a period of one (1) year and may, at the discretion of the COA, be extended one (1) additional year.

Programs whose Candidacy or Accreditation has been Withheld or Withdrawn must wait for a period of ninety (90) days from the date of such action before reapplying for Candidacy or Accreditation. An institution that has had its accreditation withdrawn either by formal COA action or which has relinquished it voluntarily will not be bound by the provisions of Section C.6 of Chapter III provided it submits a formal letter within two (2) years of the loss indicating its intent to apply for candidacy status. All other provisions applying to new programs - including the provision for a visit by the ABFSE Executive Director - apply.
CHAPTER IV

CANDIDACY

Candidacy for accreditation is a pre-accreditation status. It is not accreditation. Programs seeking accreditation must first meet the criteria for Candidacy. In addition, the Candidacy application measures the program's potential to meet the Standards for Accreditation, although the achievement of Candidacy does not insure eventual accreditation.

There are two (2) circumstances under which a program might be seeking candidacy:

1. program has never been accredited, and is applying for Candidacy as a first step in this process;
2. program was previously accredited but voluntarily surrendered accreditation or had its accreditation withdrawn.

The Candidate program must submit a detailed document or feasibility study that demonstrates that it meets the Candidacy requirements, has effectively organized resources to enable it to accomplish its educational purpose, and is following realistic plans to acquire, organize, and apply additional resources needed to comply with the Standards for Accreditation. This feasibility study becomes the Candidacy Self study. The institution or program is responsible to the Committee on Accreditation for any questions the committee might have regarding the document. The document should specifically address these eligibility requirements and should include extensive explanation and examples.

A. CONSULTING VISIT BY EXECUTIVE DIRECTOR

1. A program planning to apply for Candidacy is required to have a consulting visit by the ABFSE Executive Director normally accompanied by a representative of the Committee on Accreditation (COA). This visit is to review the status of the program, including its ability to meet ABFSE Candidacy Requirements, ABFSE Standards of Accreditation as well as to provide general application process assistance.

2. The program is to contact the Executive Director to arrange a mutually convenient time for this campus visit. Costs of the visit are paid by the program. Costs of the visit will be travel and related expenses for the individuals who are making the visit. There is no direct compensation for the ABFSE Executive Director. The second individual will be compensated according to the list of fees in Appendix D.

B. STEPS TO BE FOLLOWED IN APPLYING FOR CANDIDACY STATUS (SEE APPENDIX M)

1. The program must contact the ABFSE Executive Director to arrange the required visit.

2. The program must download the Application for Candidacy from the ABFSE website (www.abfse.org, Appendix B-1).

3. The program must submit the Application for Candidacy, the Candidacy Feasibility study (Self study) document, and the required application fee to the ABFSE office not less than sixty (60) days prior to a regularly scheduled meeting of the Committee on Accreditation.

4. Upon approval of the Candidacy Feasibility study, the program will be assigned a three (3) person site visit team consisting of a Team Chair, a funeral service practitioner, and a funeral service educator. Costs (expenses and stipends) for the visit are paid by the program or institution.

5. The Application for Candidacy, the Candidacy Feasibility study document (Self study), and all supporting materials will be reviewed by the Committee on Accreditation at one of its two regular meetings each year and a decision rendered.
6. If Candidacy status is granted by the Committee on Accreditation, the period of candidacy shall be for one (1) year. Candidacy can be renewed for one (1) additional year only. The published renewal fee will be assessed.

Initial Accreditation typically follows Candidacy.

NOTE: See Appendix D for schedule of fees.

C. ELIGIBILITY REQUIREMENTS FOR CANDIDACY STATUS

To be considered for Candidacy, a program or its sponsoring institution

1. Must have a license or charter from the appropriate state governmental agency to operate and award a minimum of an Associate Degree or equivalent.

2. Must submit documentation that the program has officially notified the appropriate state funeral service licensing agency and the appropriate state education agency of its intent to offer a program in funeral service education.

3. Must define its service area in specific geographic and demographic terms and provide evidence based enrollment projections for three (3) consecutive years following Candidacy application. Enrollment projections must be consistent with ABFSE collected new student statistics for the defined service area.

4. Must provide data from state, local, and/or regional workforce studies showing a need for licensed individuals in funeral service in the program's defined service area.

5. Must provide the names and addresses of the governing board that will exercise all powers that may be performed by the institution under the license or charter in item B.1.

6. Must have an advisory board composed of not less than seven (7) practicing and licensed members of the funeral service profession who are graduates of ABFSE accredited programs and others that might contribute to the quality of the educational process in the candidate program. In addition, the following information must be provided:

   a. documentation that advisory board meetings will occur not less than once during each twelve (12) month period.
   b. written minutes of advisory board meetings.

7. Must provide the name, address, and credentials of the chief executive officer directly accountable to the governing board and the name, address, and credentials of the individual responsible for the funeral service education program, if different.

8. At the time of the Candidacy application the individual responsible for the funeral service education program must:

   a. be a full-time employee of the institution.
   b. be a graduate of an ABFSE accredited program.
   c. possess a valid license to practice as a funeral service professional.
   d. provide official transcripts from a regionally accredited college or university to document completion of a Bachelor’s Degree and Master’s Degree. In such cases where the program director does not possess a Master’s Degree or equivalent, the provisions of Standard 1.7 of Chapter IX apply (i.e. a Master’s must be earned within five (5) years of initial appointment).

9. Must provide a detailed written explanation of the plans to meet each Standard of accreditation.

   a. Must show evidence that the program’s mission statement and the ABFSE Program Learning Outcomes are being met.
b. Must have a catalog and other appropriate official publications available to students and the public containing the mission statement and program learning outcomes including but not limited to admission, withdrawal and graduation requirements, student conduct policies, grading policies, course names and identification numbers, summary descriptions and credit hours, financial policies for tuition, fees, and refunds, and academic calendars.

c. Must have an adequate financial base and provide a copy of the current budget, including the funeral service education program budget and a copy of the most recent institutional budget. A copy of the most recent externally reviewed audited institutional financial statement prepared by a Certified Public Accountant must be included.

d. Must have in place one (1) or more programs in funeral service education of at least sixty (60) semester or ninety (90) quarter credit hours with students actively enrolled in some phase of the funeral service education program beyond the general education core courses. The curriculum should be logically arranged with evidence to indicate that students are able to complete the program in not more than one and one half (1½) times the normal length of the program.

e. Must provide an outline of courses and course descriptions to cover the curriculum content areas of the Accreditation Manual (see Chapter IX), by quarter or semester hours.

f. Must provide course syllabi for all courses offered in the program.

g. Must provide evidence that facilities will meet the requirements of the ABFSE Standards of Accreditation prior to accreditation being awarded.

h. Must have learning resources adequate for the support of the academic program in funeral service education

10. MUST submit plans for additional funeral service education program faculty and facilities as the program expands and provide financial projections for three (3) consecutive years following Candidacy application.

D. WHEN PROGRAMS SEEK TO RE-INSTATE ACCREDITATION

The same eligibility requirements above apply. Additionally, the program must:

1. Provide an analysis of the underlying factors resulting in the withdrawal or surrender of accreditation, including personnel changes. If a consultant was used, his/her report must be attached.

2. Provide a detailed description of all steps taken to address program deficiencies in response to the withdrawal or surrender of accreditation.

E. PUBLIC INFORMATION

1. While programs are in Candidacy status, they may only describe their relationship to ABFSE as "Candidate for Accreditation." The Candidate program may not be referred to in any manner which infers accreditation, including reference to a student being eligible to take the National Board Examination.

2. Each program applying for Candidacy, or already in Candidacy status, must publish the following statement in all printed materials until the program is accredited by the American Board of Funeral Service Education:

CAUTION: This program is pursuing accreditation but is NOT accredited by the American Board of Funeral Service Education (ABFSE). Until accreditation is achieved, students graduating from this program are NOT eligible to take any licensing examination that requires graduation from an ABFSE accredited program, including the National Board Examination.
CHAPTER V

ACCREDITATION PROCEDURES

Accreditation refers to initial accreditation and re-accreditation (or renewal of accreditation). Candidacy follows the same process.

Accreditation procedures include:
- an application
- comprehensive review (also referred to as the Self study)
- site visit
- site visit team report
- response to the team report
- COA decision

A. APPLICATION

Accredited programs are reminded of an upcoming comprehensive review (Self study) process approximately eighteen (18) months in advance. This notice comes in the form of a letter to the institutional CEO with a copy to the Program Director from the ABFSE office. The comprehensive review schedule for each program appears in the ABFSE Directory of Programs found on the ABFSE website.

The Transmittal Form (found in Appendix B-3), serves as the application for all accreditations/re-accreditations.

There is a separate application for Candidacy and Initial Accreditation. Candidate programs must follow the steps described in Chapter IV.

The accreditation process may be initiated only at the request of the sponsoring institution's CEO or other authorized official. The application procedure is considered complete when the following items have been submitted to the ABFSE office:

- the Transmittal Form,
- the Self study Report with all supporting documentation,
- required fees as specified in the ABFSE Schedule of Fees (see Appendix D).

B. COMPREHENSIVE REVIEW (SELF STUDY)

Comprehensive Review (Self Study) is the method by which an institution demonstrates that the accredited program is fulfilling the expectations of accreditation. Self study is both the process of evaluation done by the institution and the document presented to demonstrate the fulfillment of the process.

Definition: A Self study is a formal process through which an educational institution or program critically examines its structure and substance, evaluates the program's overall effectiveness relative to its mission, identifies specific strengths and deficiencies, and creates a plan for any necessary modifications and improvements. The process assesses the extent to which the program is in compliance with established accreditation Standards and should include consideration of external factors influencing the educational environment.

The Self study is:
- the activity that precedes the report;
- organized and systematic;
- conducted by and for the program with the participation of appropriate constituencies;
- comprehensive and considers all elements of the program;
The Self study:

- critically examines the current status of the program;
- judges overall effectiveness (conclusions should be reached);
- identifies and assesses specific strengths and deficiencies in an open, objective, and precise manner;
- helps establish a plan for modifications and improvements to amend any deficiencies uncovered during the process (formal long-range planning is a logical precursor to the Self study process);
- identifies external factors influencing the educational environment (e.g. conditions within the sponsoring program, projected changes in the profession's role, and the legal, social, political and economic climate affecting the program); and
- determines the extent to which the program is in compliance with established ABFSE Accreditation Standards.

1. ORGANIZATION OF SELF STUDY

The actual process for conducting the Self study will vary from program to program, but certain characteristics should apply in every instance.

One individual should be selected to have over-all responsibility for the Self study, i.e. to see that the work is started in time, that appropriate progress is maintained and that departmental and committee assignments are properly prepared.

A steering committee should be formed. The committee should include representation from the institution's administrative staff, teaching faculty, students, alumni, and the governing board. Advisory Board input is valuable. Departmental personnel, librarians, faculty, staff and administrative officers must look at themselves critically in order to appraise objectively and to report honestly.

The general Chairperson will outline to participants the work that is to be done, the time schedule to be maintained, and the format of the Self study Report. For all these reasons, it is important that the program begin its Self study process approximately one (1) year in advance of the anticipated site visit.

The Self study process should culminate in the completion and presentation of the Self study Report.

2. SELF STUDY REPORT

Beginning in 2018, the ABFSE Self study document is created and submitted electronically. (See Appendix C for additional details.)

The Self study Report will include the following components:

- Introduction
- Standards
- Additional Information

Introduction will include:

- Transmittal Form (Appendix B-3)
- Program and Institutional Data Form (Appendix B-4)
- Curriculum Distribution by ABFSE Content Area (Appendix B-6)
- Brief description of the Self study process, including a list of the participants and their assignments;
- A brief historical overview of the program;
- Description of steps taken to address any concerns from the last comprehensive review.

Standards

The program’s efforts to comply with each Accreditation Standard will be described and supporting evidence will be uploaded. In order to facilitate complete responses, questions are provided for each Standard. Questions include prompts to upload pertinent evidence of compliance. This section is the primary content of the Self study Report.
Additional Information

This is an opportunity to summarize the program’s strengths, concerns and plans to correct any issues discovered during the Self study process. Programs offering distance education will address additional questions in this section.

For additional guidance concerning the narrative portion of the Self study Report and the exhibits, refer to Appendix C of this Manual. The Self study Workshop is a valuable asset as well.

C. SITE VISIT

The on-site visit provides the opportunity to validate and/or clarify the contents of the program's Self study Report. A three (3) person team visits the campus over a two-three (2-3) day period and reports to COA. Additional time may be necessary if the institution offers more than one (1) accredited program.

Each program will be visited as part of the Candidacy and Initial Accreditation process, and periodically for renewal of Accreditation (at least once every seven [7] years). In addition, the COA may schedule a re-visit to any institution or program currently accredited if, in the judgment of the COA, situations have arisen in the institution or program which would justify a re-evaluation.

The comprehensive review / site visit schedule is maintained by the ABFSE office, reviewed by the COA and published in the ABFSE Directory with each school’s information.

Authority for assigning the academic year in which a program is to be visited is vested in the COA.

Programs typically receive notification from the ABFSE office eighteen (18) months in advance of a pending visit.

Appropriate dates for the visit are determined by the ABFSE Executive Director and the Program Director. In establishing dates, consideration is given to the time necessary to conduct the Self study and prepare the Self study Report. The visit will be scheduled when students are present.

For Initial Accreditation, the visit shall be scheduled to ensure that practical courses in embalming, restorative art, and funeral service have been completed or are in operation either prior to or during the visit dates.

Written notification of the selected dates and the names of the site visit team members will be provided to the CEO of the sponsoring institution.

The program should provide a private workroom for the team, and materials relevant to the program that are not included in the Self study Report should be available for review in that location.

Team Members shall be admitted to all facilities used by the program. They shall inquire into all phases of management and operation of the program in order to verify the content of the Self study Report. They shall have complete freedom to confer with school officials, members of the faculty, students, advisory board and such others as deemed necessary by the team.

Team members shall visit classes to observe lectures, laboratory exercises, and other methods of instruction. It is understood that team members are not limited to any prearranged schedule but are free to observe and consult as they desire. Schedules of free hours of faculty is important. Team members will seek to cause as little disruption as possible to the routine of the program and institution.

The team will hold an exit interview with administration and program staff as selected by the administration. The purpose of the meeting is to make known to the program the findings of the team committee.

1. SCHEDULE

The duration, agenda and sequence of events for the site visit may vary according to the nature of the program to be visited. Most visits encompass three (3) days including travel but may vary depending on the size and
nature of the program, location of facilities, and other relevant factors. The site visit is a working
assignment with minimal social activities.

Most visits begin with a private team meeting. This allows the team members to coordinate their efforts,
review the site visit schedule and, identify areas of the program requiring specific attention. Depending on
the location, the site visit may begin with a tour of clinical facilities on day one.

A brief campus tour of the funeral related facilities is customary. This will familiarize team members with
the physical plant and the locations of scheduled appointments. Care must be taken that this tour is brief.
Campus maps for team members will aid in this orientation.

See Appendix C for a sample site visit agenda.

2. EXIT INTERVIEW

Each site visit concludes with an Exit Interview. Representatives from the program and institution meet with
the site visit team to review the team report. The Team Chairperson will summarize the team's findings and
observations and discuss the subsequent events in the accreditation process.

This includes the anticipated dates for receipt of the written Site Visit report, timing of the program’s
response to the report and the subsequent review by the COA. If any factual errors in the team’s findings or
observations become apparent, they should be addressed during the exit interview.

[NOTE: Site Visit teams do not make recommendations concerning accreditation.]

D. SITE VISIT TEAM

A team ordinarily consists of three (3) members:
- the Chairperson or Team Chair, who is an educator from a discipline other than funeral service education;
- one (1) educator member who has been actively engaged in teaching or administration at an ABFSE
  accredited program on a full-time basis for at least five years; and
- one (1) funeral service licensee who has been a practitioner for at least five (5) years.

The ABFSE officers, the Chairperson of the COA, and members of the COA may not serve on a site visit team,
unless the site visit is a focused visit for a specified purpose.

The Executive Director assigns the Team Chair and members of the site visit team in consultation with the
program being examined. Care is taken to avoid any real or apparent conflict of interest between team members
and the institution being evaluated and to select team members who understand the particular type of institution
in which the program is located.

To assist in the selection of team members, the ABFSE office maintains a record of competent, experienced
individuals with appropriate training to serve as team members.

E. SITE VISIT TEAM REPORT

Within thirty (30) days following the on-site visit, the Team Chair shall provide the ABFSE office with the team's
written report, signed by all members of the team.

Within forty-five (45) days after the visit, the Executive Director shall forward copies of this report to the
institutional CEO with a copy to the program director. The institution/program is free to distribute the report as
it deems appropriate.

The site visit report shall contain narrative comments regarding team’s observations and shall include a summary
of the program's strengths and concerns relative to the ABFSE Accreditation Standards. The comments and
recommendations made in the report should be clear, factual, and specific without being undue prescriptive as

5-4
to the precise manner in which unfavorable factors should be remedied, and with clear emphasis on items the
team believes to be most in need of improvement.

F. RESPONSE TO THE TEAM REPORT

The Chief Executive Officer of the institution or the program director shall have an opportunity to provide written
comments on the report prior to the COA accreditation decision. This is also an opportunity to provide
supplemental (written) materials pertinent to the facts and conclusions in the report before the COA takes action.

G. COMMITTEE ON ACCREDITATION DECISION

COA makes all accreditation decisions following review of the Self study, site visit report, and the school
response.

The institution will be notified of the time and location of the COA meeting during which the accreditation
decision will be reviewed. Representatives from the institution are encouraged to be present in order to answer
questions.

H. RESPONSIBILITIES DURING ACCREDITATION

1. PROGRAM DIRECTOR RESPONSIBILITIES

• Adhere to the appropriate time frames. Prepare and submit to the ABFSE office all materials required
  for the comprehensive review, including the Self study Report. Make certain that copies are made for
  the institution's own use.
• Ensure that all necessary fees related to the accreditation process and site visit are submitted in a timely
  manner (see Appendix D).
• Confirm dates of visit with the ABFSE office, ensure that the date is acceptable to key personnel within
  the program. Notify practicum/clinical sites and preceptors to be visited and obtain necessary
  permissions for visitors.
• Arrange for reasonably priced, convenient, and comfortable hotel accommodations for the team.
• Provide in advance to the Team Chair all information regarding hotel accommodations, availability of
  taxi or limo service between airport and hotel, and transportation arrangements between hotel and
  program.
• Work with the Team Chair to determine the site visit schedule, including individuals to be interviewed
  and visited.
• Secure a private workroom on the institution's premises for team use. Have available in the workroom
  any supporting documents that have not been uploaded into the Self study.
• Coordinate the activities during the on-site visit.
• Facilitate a written response to the site visit and team report for consideration at the assigned COA
  meeting. If necessary, submit supplemental information to COA following receipt of the team report.
  Proper format for the response and supplemental materials will be coordinated with the ABFSE
  Executive Director. Electronic submission is preferred. Instructions are provided in the communication
  with institution.
• Programs are encouraged to provide to the ABFSE office written evaluation of the site visit and the team
  itself.

2. SITE VISIT TEAM CHAIRPERSON’S RESPONSIBILITIES

• Confirm dates of visit and team roster with the Executive Director and the Program Director.
• Assume responsibility for all visit related correspondence with team members.
• Provide team members with details of hotel accommodations and transportation. Schedule appropriate
  time for a preliminary team meeting (on the evening) prior to the start of the visit.
• Well in advance of the visit, thoroughly review all Self study materials including the report from the
  preceding site visit.
• Be familiar with the ABFSE accreditation procedures, policies and the Standards.
• Work with Program Director in arranging the visit schedule, including individuals to be interviewed and off-campus locations to be visited.
• In advance of the visit, inform team members of their assignments and specific areas requiring their attention and expertise.
• During visit, conduct preliminary meeting with program personnel, as well as the exit interview. The Team Chair has the primary responsibility to see that time is used efficiently and resist any tendency on the part of the team members or the program to engage in irrelevant discussions and activities. The Chair should ensure that all essential personnel, sites and support services are reviewed and visited.
• The Team Chair should ensure that any faculty, student, or other interested persons who wish to speak to the team have the opportunity to do so. The Team Chair must guide the team members in maintaining objectivity and sensitivity throughout the visit.
• Draft final report and circulate it among team members for their signature. Submit the final report to the ABFSE office within thirty (30) days after the site visit.
• Attend the COA meeting at which the program's accreditation status will be reviewed and be prepared to discuss the team findings with the COA.

3. SITE VISIT TEAM MEMBERS’ RESPONSIBILITIES

• Review thoroughly all program materials well in advance of the visit, including the Self study Report with uploads, and the program and institutional website.
• Become familiar with the ABFSE accreditation procedures, policies, and the Standards, including any software system currently in use for Self study preparation.
• Work with Team Chairperson in determining specific areas to be evaluated during visit.
• Avoid irrelevant discussions and activities during the visit and make every effort to maintain objectivity throughout the visit and evaluation. Members should bear in mind that the program is to be evaluated in light of its own stated objectives.
• Participate in the exit interview and the timely preparation of site visit report, including timely submission of expenses.
CHAPTER VI

THE COMMITTEE ON ACCREDITATION PROCEDURES

Final evaluation of a program will be made in accordance with the extent to which it complies with the total provisions of The Manual with special importance to the Standards.

A. COMMITTEE REVIEW OF MATERIALS AND PROGRAM TESTIMONY

The Committee on Accreditation (COA) will consider all information obtained from the program's transmittal and program Data Form, Self study Report, the site visit team report and the program's written response to the report in reaching a decision on the program's accreditation status. The site visit team chair attends the scheduled COA meeting in order to provide an overview of the program and present the findings. In addition, the program is encouraged to exercise its right of appearance before the COA at the time its status is being considered. The purpose of the appearance is to clarify any unresolved questions the COA may have concerning the materials submitted by the program and the site visit team.

B. COMMITTEE (COA) ACTIONS

NOTE:

Unless the COA itself demonstrates an appropriate basis for doing otherwise, the COA shall not take favorable accreditation action concerning any institution or program for which another recognized accreditation agency, or a state post-secondary review commission has (1) imposed an interim action leading to suspension, revocation, or termination of accreditation or pre-accreditation, or (2) notified the institution or program of a threatened loss of accreditation, or (3) threatened by the State or Province/Territory with loss of legal authority to provide postsecondary education. (See page 6-4 (E) below for the detailed policy.)

The COA shall take one of the following actions.

1. Grant Initial Accreditation or Continuation of Candidacy Status in compliance with Chapter IV.

2. Grant Initial or Continuing Accreditation when the accreditation review process confirms that the program is in compliance with the Standards. The term "initial" is used to indicate that the program is being accredited for the first time (following Candidacy).

   For deficiencies, if any, the COA requires evidence documenting correction by a specific date. The COA notification letter contains a clear statement of each deficiency and a due date for a progress report or plan of correction. Failure to submit a satisfactory progress report or plan to correct the deficiencies may result in reduction of the length of accreditation, an early accreditation review, or other appropriate action.

3. Issue a Warning. When the COA finds that a program has pursued a course deviating from the established criteria or policies to an extent that gives concern to the COA, it may issue a warning to the program to correct its deficiencies, refrain from certain activities, or initiate certain activities within a stated period of time. A warning does not alter the candidacy or accredited status of the program. The committee may allow no more than 18 months for a one-year program and no more than twenty-four (24) months for two (2) and four (4) year programs, to bring deficient practices into compliance with all ABFSE Standards of Accreditation.

4. Probation. When a candidate or accredited program fails to meet the COA’s criteria or policies, fails to respond to conditions imposed upon it by the COA, including Warning, or fails to submit funds due, it will be placed on probation until such time as appropriate corrective action is taken by the program. The period of probation, however, may not exceed twelve (12) months if the longest program offered by the institution is less than twelve (12) months, eighteen (18) months if the longest program offered by the institution is at least one (1) year but less than two (2) years, or two (2) years if the longest program offered by the institution is at least two (2) years in length.
While on probation, the program will be subject to special scrutiny by the COA, including a requirement to submit prescribed reports, and possible special visits(s) by representatives of the COA. The costs of special visits are borne by the institution.

Probation does not alter the candidacy or accredited status of the program.

If the program has not taken steps satisfactory to the COA to remove the cause or causes for its probation at the end of the specified time, the COA will issue a Show Cause order.

5. **Show Cause.** If the conditions which led to the probation are not removed within the stated time, the program will lose its accreditation unless it can show good cause why accreditation should not be immediately removed.

Prior to removing accreditation, the COA shall notify the program in advance (at least six [6] months) that it must show good cause why accreditation should not be withdrawn. If accreditation is continued, it may include stipulations to include special visits by representatives of the COA, periodic reports, and specific COA action at regularly or specially scheduled meetings.

While under Show Cause, the program will be subject to special scrutiny by the COA, including a requirement to submit prescribed reports and possible special visit(s) by representatives of the COA. The costs of special visits are borne by the institution.

A Show Cause order does not alter the candidacy or accredited status of the program.

6. **Deferral or Denial of Accreditation.** The application for candidacy, initial accreditation or re-accreditation renewal may be withheld by a deferral or a denial.
   a. A **deferral** is not a final decision. It is interlocutory in nature to provide further guidance and time for the program to correct certain deficiencies.
   b. A **denial** is a final decision which is subject to a request for review by the COA and subsequent appeal to the American Board under published appeal policies and procedures in Chapter VII.

7. **Withdraw Candidacy or Accreditation.** If in the judgment of the COA, a program has not satisfactorily explained or corrected matters of which it has been given notice, its candidacy may be withdrawn involuntarily or allowed to lapse, or its accreditation terminated. In such a case, the program must re-start the entire accreditation process to qualify for candidacy or accreditation.

Nonrenewal or withdrawal of candidacy or of accreditation is subject to review and appeal under the applicable policies and procedures of the American Board (See Chapter VII). If a program's candidacy is withdrawn or if its accreditation is terminated, its status will continue unchanged if it requests a review and later an appeal until the review and appeal processes have been completed. Otherwise, its candidacy or accreditation ends on the date when the time period permitting such a request expires.

Any program whose accreditation has been withdrawn by the COA or voluntarily surrendered may not reapply for candidacy for at least ninety days from the date of such action. The COA shall determine the conditions for reaccreditation. Expenses incurred by a visitation for reaccreditation shall be paid by the program.

In all cases of negative action, the COA will give the program written reasons for its decision and advise the program of its right to appeal as outlined in Chapter VII.

The COA will notify the Secretary of the U.S. Department of Education and other entities of the voluntary relinquishment or withdrawal of accreditation of any program or institution it accredits as noted in C 3. Negative actions will be reported on the ABFSE website and the decision letters issued to the schools become public record.
8. **Stipulations and Recommendations.** Accreditation actions taken by the COA may be accompanied by Stipulations and/or Recommendations.

Stipulations are conditions imposed on a program related to its inadequate compliance with specific Accreditation Standards. A program receiving stipulations must submit a written report to the COA within a prescribed period of time indicating the program's progress in achieving compliance with the Standard(s) cited. Failure of the program to respond satisfactorily may result in the COA's issuing a warning, placing the program on probation, or issuing a show cause order.

A **Recommendation** is a non-binding suggestion for improvement in certain areas of the Program.

9. **Notice.** The program shall be notified of the final action of the COA within thirty (30) days of the date of such action. All communications of the COA relating to the denial, deferral, limitation, or withdrawal of accreditation shall be by registered or certified mail, addressed to the chief administrative officer of the institution with a copy for the program director concerned and shall contain, in addition to the COA’s decision, a copy of the ABFSE Appeal Policy.

C. **PUBLICATION OF ACCREDITATION DECISIONS**

1. The COA shall annually publish a list of accredited programs and, when a program is to be added to or deleted from the list, such notice shall be made within thirty (30) days of the final COA action. Accredited programs and their sponsoring institutions are listed in the Directory of Accredited Institutions which is published on the ABFSE website (www.abfse.org).

2. The American Board will announce publicly, as appropriate, through its Executive Director the status of each program subject to a negative action (except warning) in accordance with the Board's policy on “Disclosure and Confidentiality of Information” in Chapter IX of this manual. If a specific inquiry is made about a program which has been placed on probation or has received a "show cause” status, the Executive Director shall inform the inquirer of such status and the reasons therefore.

No public disclosure is made however, on deferments of action or warning. Negative actions are not communicated externally until the appeal process has been completed.

3. The COA will notify the Secretary of Education (by electronic means), the appropriate State licensing or authorizing agency, the appropriate accrediting agencies, and the public by placing the information on the ABFSE website, after it makes the decision to award initial or preaccreditation or a decision to renew an institutions or program’s accreditation or preaccreditation. Decisions must be shared with the USDE and the public the same day that the program/institution is notified (within 24 hours).

4. The COA will notify the Secretary of Education (by electronic means), the appropriate State licensing or authorizing agency, and the appropriate accrediting agencies at the same time it notifies the institution or program of the decision.

   a. to place an institution or program on probation or equivalent status (including placing an institution or program on Show Cause status - see B-5 above); or

   b. to deny, withdraw, suspend, revoke, or terminate the accreditation or preaccreditation of an institution or program.

5. The COA will provide written notice to the public of the decisions listed in the paragraphs 4 (a) and 4 (b) within 24 hours of its notice to the institution or program by placing this information on the ABFSE website.

6. For any decision listed in paragraph 4 (b) of this section, the COA will make available to the Secretary of Education (by electronic means), the appropriate State licensing or authorizing agency, and the public upon request no later than 60 days after the decision a brief statement summarizing the reasons for the Committee
decision and the comments, if any, that the affected institution or program has made in regard to that decision.

7. The COA will notify the Secretary of Education (by electronic means), the appropriate State licensing or authorizing agency, the appropriate accrediting agencies, and, upon request, the public, and place notice on the ABFSE web site, if an accredited or preaccredited institution or program decides to withdraw voluntarily from accreditation or preaccreditation, within thirty (30) days of receiving notification from the institution or program that it is withdrawing voluntarily from accreditation or preaccreditation; or lets its accreditation or preaccreditation lapse, within thirty (30) days of the date on which accreditation or preaccreditation lapses.

8. The COA shall submit upon request to the Secretary of Education the following:
   a. Copy of Annual ABFSE Directory.
   b. Any concerns relative to Title IV compliance and/or non-compliance for those programs for which the Committee serves as "gatekeeper."
   c. Any changes in standards, committee policies, or procedures, which might alter the COA's scope of recognition or compliance with reporting requirements as listed in #3 and #4 above.

9. The COA shall submit to the Secretary of Education, a summary of the Committee’s major accrediting activities via the USDE DAPIP system.

10. The COA will share with other appropriate, recognized accrediting agencies and recognized State approval agencies, upon request, information about the accreditation and preaccreditation status of an institution or program and any adverse actions it has taken against an accredited or preaccredited institution or program.

11. The COA will immediately report to the U.S. Department of Education information it received and believes likely to be correct regarding any program or institution it accredits that may be involved in fraud or abuse.

D. WITHDRAWAL OF PROGRAM FROM ACCREDITATION PROCESS

1. A program may withdraw from the accreditation process at any point up to the time of the final action of the COA. This policy applies to all programs, whether they are seeking Candidacy, Initial Accreditation, Annual Renewal, or Continuation of Accreditation. To withdraw from the process, the Chief Administrative Officer of the program shall notify the American Board in writing that it is withdrawing its Application for Accreditation or Candidacy.

2. Should an accredited program close, it will notify the American Board of that intent along with an appropriate teach-out plan including the anticipated date of closure and the graduation date for its last class.

E. ADVERSE ACTION BY A STATE OR OTHER ACCREDITING AGENCY

1. Unless the committee itself is satisfied that there is good reason to do otherwise (see also E3 below), the COA will not grant initial or renewed accreditation or preaccreditation to an institution, or a program offered by an institution, if the COA knows, or has reasonable cause to know, that the institution is the subject of:
   a. a pending or final action brought by a State agency to suspend, revoke, withdraw, or terminate the institution’s legal authority to provide postsecondary education in the State;
   b. a decision by a recognized agency to deny accreditation or preaccreditation;
   c. a pending or final action brought by a recognized accrediting agency to suspend, revoke, withdraw, or terminate the institutions; accreditation or preaccreditation; or
   d. probation or an equivalent status imposed by a recognized agency.
2. If an ABFSE accredited or candidate program has had an adverse action taken against it, or against its institution, by another accrediting agency or state agency, the COA shall require the program to submit a written report describing the reason(s) for the action and the impact the action has, if any, on the program’s ability to continue to meet the ABFSE Standards of Accreditation. The report will be discussed and acted upon, as necessary, at the next scheduled meeting of the COA. If, in the opinion of the Executive Director and the Chair of the COA, the adverse action requires earlier consideration by the COA, a special meeting may be called.

The COA will review the information submitted by the institution against the requirements of this policy and advise the institution if additional information is needed or if the COA plans to take additional action based on the information. That action may include requesting a formal report, scheduling an on-site visit, or such other action as the COA determines is appropriate based on the situation.

3. The COA may grant accreditation or preaccreditation to an institution or program described in this section (E-1, a-d) if it provides to the Secretary of Education, within 30 days of its action, a thorough and reasonable explanation, consistent with its Standards, why the action of the other body does not preclude the Committee’s grant of accreditation or preaccreditation.

F. COMMITTEE ON ACCREDITATION (COA) MEETING PROCEDURES

The Committee on Accreditation (COA) meets in executive session twice per year, in the spring and fall, with other meetings scheduled as may be necessary, for consideration of program accreditation. It invites representatives of the programs under consideration to attend the meeting during the discussion about their program. In these cases, the COA functions as follows:

1. All Committee meetings are held in executive session.

2. For comprehensive evaluations, Committee members receive, and read, all pertinent materials prior to the meeting. One member of the COA is appointed to lead the discussion on each program under review.

3. At the meeting, the site visit team chair presents a verbal report on the campus visit.

4. After the chair report, the assigned discussion leader and other COA members query the site visit team chair, if necessary, on items which may be unclear.

5. Once the site visit team chair’s report is complete, program representatives are invited into the room for further discussion.

   a. Following introductions, program representatives are invited to make opening comments.

   b. The discussion leader queries the program representatives on issues of interest and/or concern. Once the discussion leader has concluded, the floor is opened to other COA members to ask questions, if any.

   c. Once the questions and discussion session has concluded, the program representatives are asked to leave the meeting room.

6. The COA chair with the committee still in Executive Session, invites a motion from the committee concerning the program under consideration. Following discussion and/or amendment of the motion, a vote is taken.

7. Immediately after the vote, the ABFSE Executive Director conveys the action of the Committee verbally to the program representatives, if they are available.

8. Within ten (10) business days of the conclusion of the COA meeting, the action taken by the COA is sent to the institution’s CEO and program director by letter and electronic copy from the Executive Director and reported to the Secretary of the US DE and the public.
CHAPTER VII

APPELLATE PROCEDURE

A. COMPOSITION OF THE APPELLATE BOARD

1. Membership

The Appellate Board shall be composed of three members. These members shall be educators who have had at least five years' administrative experience in an accredited institution of higher learning other than in the field of funeral service education, are experienced in accrediting procedures, and have had at least fifteen years' experience in teaching and/or administration in an institution of higher learning.

The ABFSE Executive Director will develop a list of prospective panel members from names provided by the Association of Specialized and Professional Accreditors and other sources available to the Executive Director and present that list to the ABFSE President, who will select the panel members within thirty (30) days after the date of the filing of the appeal. The Appellate Board shall select its chairperson from among its members.

All members of the appeals panel must meet the Conflict of Interest tests shown on the Conflict of Interest form in Appendix G and overviewed in Section C of Chapter X of The Manual. Members must also sign the Conflict of Interest statement.

2. Term of Board

An Appellate Board shall be appointed for each new appeal; however, if more than one appeal is to be heard on the same day the panel may hear multiple appeals.

3. Secretary of the Appellate Board

The Secretary of the Appellate Board shall be the Executive Director of the American Board, who shall serve without voice or vote.

4. In the case of a single-purpose, stand alone funeral service/mortuary science institution whose recognition by the ABFSE allows it to participate in federal programs and for which COA recognition serves the “gatekeeper” function insofar as the U.S. Department of Education is concerned, a public member (who must meet the same criteria established for public members of the COA as laid out in Section A of Article VI of the by-laws in Chapter I) will also be appointed by the ABFSE President.

B. ELIGIBILITY FOR APPEAL

Each decision of the COA involving either denial or withdrawal of accreditation may be appealed by the program/institution involved. The program/institution will be notified of its right to appeal the action in the initial letter conveying the decision of the Committee.

C. FILING A NOTICE OF APPEAL

Appeals of the final decision of the COA denying or withdrawing accreditation shall be perfected by filing a notice of appeal, signed by an authorized representative of the institution, with the Executive Director of the American Board no later than thirty (30) days after receipt by the institution of the decision of the Committee. Filing a notice of appeal shall operate as a stay of the decision of the committee.
The expenses of the appellate procedure shall be borne as follows:

1. The American Board shall bear the cost of its own legal, administrative, travel, and other internal costs.

2. The appealing institution shall bear the cost of its own legal, administrative, travel and other internal costs. The appealing institution shall bear the cost of all stenographic reporting fees related to the procedure.

3. The appealing Institution/program must submit along with its statement of Intent to file an appeal a fee of $5000. If the decision is ultimately upheld by the panel, any panel and related costs over and above the $5,000 will be paid by the institution/program. If the decision is reversed or returned for reconsideration, the COA will bear any additional costs over the $5,000.

D. THE APPEALS PROCESS

1. Date of Hearing

The Executive Director of the American Board, upon receipt of a notice of appeal, shall docket same in his/her records and, within ten (10) days after appointment of the Appellate Board, shall notify the appealing institution of the date, time and place of hearing. No date for a hearing shall be set later than sixty (60) days from the date of the completion of appointment of the Appellate Board, nor earlier than sixty (60) days after filing the appeal.

2. Briefs

Communications from the COA and from the appealing institution/program to the panel shall be made through the ABFSE office. The COA Executive Director shall be the contact person for such communications. Each party (i.e., the COA and the appealing institution/program) shall receive copies of all documents submitted by either party.

Any institution shall have the right to file a brief in support of Appeal. Ten (10) copies of such brief must be filed with the Executive Director of the American Board no later than thirty (30) days after the institution files its notice of appeal. The COA shall similarly file ten copies of a brief in response to the institution's brief no later than thirty (30) days after the institution's brief is filed. The institution's brief shall contain a concise and complete statement of the points on which the institution challenges the decision of the COA, any points challenging the criteria of the American Board as they particularly affect the institution appealing, and argument on such points. The COA's response brief shall contain a concise and complete statement of the rationale for the Committee's decisions which are the subject of the appeal, and a discussion of the points raised in the institution's appeal brief.

A desire of the institution or the COA to make oral argument before the Appellate Board shall be indicated on the title page of its brief by the words, “Oral Argument Desired.”

3. Scope of the Appeal

The Appellate Board’s review of an institution’s appeal shall be limited to the institution’s brief in support of appeal if any brief is filed, the response of the COA, and a transcript of any oral argument or testimony presented to the Appellate Board. Upon review, the Appellate Board may consider not only the question presented by the decision of the COA and related documentary evidence, but also the question of whether the regulations and criteria of the American Board in the particular case are unjust, unfair, or unworkable.
4. **Hearings**

Prior to the hearing, the COA will provide to the panel members an overview of the ABFSE and COA and the operations of both. A copy of all materials presented to the panel shall also be made available to the institution/program.

a. **Presiding Officer.** The hearing shall be presided over by a hearing officer, who shall be an attorney appointed by the American Board. The American Board of Funeral Service Education Board attorney may serve in this capacity. The presiding officer shall not have voice or vote in the Appellate Board’s deliberations. The hearing shall generally be conducted in accordance with the recognized rules of procedure and evidence.

b. **Oral Testimony.** Oral testimony may be presented at the time of the hearing.

c. **Arguments.** The institution may offer oral argument in support of Appeal at the hearing. The COA may offer oral argument in support of its decision and in reply to the institution's argument. The institution shall have time to reply to the argument of the COA. Length of arguments may be limited by the Appellate Board.

The panel may set time limits on testimony presented by both the appealing institution program and the COA and may otherwise structure the hearing as it determines most appropriate.

d. **Report of Proceedings.** The Appellate Board shall cause a recording to be made of the hearing. The institution appealing shall have the right to secure a typed transcript of said recording by paying the costs involved.

e. **Legal Representation.** The institution and the COA may be represented at the hearings by legal counsel of their own choosing. The counsel shall be afforded the same rights as would normally be made available to the institution/program or to the COA during the hearing. The counsel shall be authorized to make any presentation that the institution or program itself would be authorized to make.

f. The appeal panel shall include in its report the rationale for the basis of the finding.

E. **DECISION OF THE APPELLATE BOARD**

1. The Appellate Board has several options for action:

   a. Uphold the action of the COA;

   b. Recommend reconsideration by the COA; or

   c. Amend, modify, or reverse an adverse action by the COA. If such action is taken, the board shall clearly stipulate in its formal report the terms, conditions, or parameters of its decision.

2. The COA is responsible for implementing the panel's decision.

3. There shall be no appeal from the decision of the Appellate Board.

4. The Appellate Board, within thirty (30) days after the hearing, shall prepare an opinion in writing containing its decision. The Secretary of the Appellate Board shall prepare sufficient copies of said opinion and, within ten (10) days after receipt, shall mail a copy of the opinion and decision to the authorized representative of the institution and to the COA.

5. If the panel remands the decision back to the COA, it must identify specific issues that the COA must address in its action following the remand. The COA must, in such instances, act in a manner consistent with the appeal panel’s decisions or instructions.
F. DECISION OF THE COMMITTEE ON ACCREDITATION

1. The Committee on Accreditation, within thirty 30 days after receiving the recommendation of the Appellate Board, shall make a final decision on the merits of the appeal and notify the institution of its final decision.

2. There shall be no appeal from the decision of the Committee on Accreditation.

3. The COA will place on the ABFSE web site any official comment submitted as a rebuttal by an institution or program. If such comment is extensive, it will be provided in alternate ways such as through a link or other electronic means or reference to—and appropriate contact information for—the school or program itself. In the absence of any such comment, the ABFSE/COA will indicate that the institution/program did not submit a statement despite being given an opportunity to do so.

NOTE: To meet the existing requirement promulgated by the Department of Education that an accreditation agency make information available to the public regarding adverse actions without waiting for a specific request that it do so, the ABFSE/COA presently posts on its web site all such decisions and also advises several agencies identified by the U.S. Department of Education of the decisions. The Department requires that accrediting agencies also include in such publications a reference to the specific standard(s) whose failure to be met led to the adverse action and also publish the school’s or program’s response to the adverse action.
CHAPTER VIII

MAINTAINING ACCREDITATION

A. ANNUAL RENEWAL OF ACCREDITATION AND MEMBERSHIP IN THE ABFSE

1. All programs accredited by the American Board must submit an Annual Report to the Committee on Accreditation for the purpose of continuing their accreditation by the Committee. The Annual Report is to be submitted in addition to any other interim or progress reports the Committee may require of the program as the result of an Accreditation action.

The Report shall be sent to the Executive Director of the American Board no later than February 15 each year. Failure to submit the Annual Report will result in the program's being placed on probation immediately by the Committee on Accreditation and could lead to removal of accreditation.

The Annual Report will:

a. Inform the Committee on Accreditation about any significant changes which have taken place during the past year, including those involving administration, budgets, faculty, curriculum, physical facilities, and other pertinent matters.

b. Provide information as to action by the program on recommendations or stipulations made by the Committee on Accreditation following the most recent on-site visit for continuation of accreditation.

c. Furnish accurate, current data to be published in the Directory of Accredited Programs.

d. Provide the Committee on Accreditation with the following:

   • Applicable licensing examination pass rate for past year.
   • Record of written student complaints received, if any.
   • Summary of U. S. Department of Education financial aid reviews (for "gatekeeper" colleges only).
   • Default rate for federal student financial aid (for "gatekeeper" colleges only).
   • Applicable student outcomes information for past year.

The Executive Director of the American Board shall report in writing to the Committee on Accreditation the failure of any program to provide required reports.

A copy of the Annual Report Form is located in Appendix B of this Manual.

B. PROGRESS REPORTS

Progress reports may be required by the Committee on Accreditation and are always required when a COA action is accompanied by a stipulation related to an Accreditation Standard. The program shall be notified of the issues to be addressed in the Progress Report and the date on which the report is due. Reports are to be submitted to the Executive Director of the American Board who will forward them to the Committee for action.

Programs must ensure that the reports address all items cited and be submitted within the specified period of time. Failure to respond may jeopardize the program's accreditation status.

C. CONTINUATION OF ACCREDITATION

All programs accredited by the American Board must undergo an on-site visit and comprehensive review at least once every seven years; the interval between visits may be shorter if so specified by the Committee on Accreditation.
When an accredited program is due for comprehensive review, the Executive Director of the ABFSE will so
notify the program approximately eighteen months prior to the anticipated date of the site visit so that the program
will have sufficient time to prepare for its re-evaluation. The procedures for applying for the reevaluation and
continuation of accreditation are described in Chapter V of this Manual.

All single-purpose, non-regionally accredited, funeral service institutions must be visited at least once during the
normal comprehensive review term (essentially a mid-cycle review). The visit is to be conducted by
representatives of the Committee on Accreditation for confirmation of continuing compliance with ABFSE
Standards. Costs of the visit will be borne by the institution.

D. CHANGES IN SPONSORSHIP

1. Sponsorship

A change in sponsorship occurs when the sponsoring institution of an accredited program in funeral service
education relinquishes its control of the program to another institution and no longer participates in those
activities which normally constitute sponsorship. In such instances, the ABFSE requires the following:

a. At least 30 days prior to of a change in sponsorship, the institution relinquishing sponsorship shall notify
the ABFSE Executive Director in writing that a change of sponsorship is anticipated, the reasons for the
change, the anticipated effective date of the change, and the name, address, and phone number of the
new sponsor and its Chief Executive Officer.

b. The institution assuming sponsorship of the accredited program shall notify the ABFSE Executive
Director in writing of its intent to accept sponsorship, and shall submit the appropriate substantive
change form (See Appendix K) and fee.

c. The Executive Director of the ABFSE shall forward the above information to the Committee on
Accreditation for its review. The Committee on Accreditation may, at its discretion:

(1) Approve the change in sponsorship and continue the accreditation status of the program.

(2) Request additional information before reaching a decision.

(3) Require that the program conduct an abbreviated Self study.

(4) Require that the program undergo a complete accreditation review, following the procedures
outlined in Chapter V of this Manual.

The Committee's choice of action shall depend upon its assessment of the extent to which the change in
sponsorship affects the program's continued compliance with the Standards for Accreditation and the

d. In all cases of change in sponsorship, the institution that has undergone the change in sponsorship which
has resulted in a change of control must undergo a site visit conducted by the Committee on
Accreditation. This visit must take place within six (6) months of the change of sponsorship, with costs
borne by the institution.

See also discussion in Section I in this chapter, Chapter X, Section I, and Appendix K.

2. Mergers

A merger occurs when two or more institutions sponsoring programs in funeral service education combine
to form one institution. The resulting institution must meet the accreditation requirements as a new
institution. In such instances, candidacy status for the new institution may be waived at the option of the
Committee on Accreditation.
For programs presently accredited by the American Board of Funeral Service Education which are seeking Interim Accreditation approval from the Committee on Accreditation, the new curricula or curriculum must be presented in written fashion. Interim Accreditation shall be based upon "Initial Accreditation" procedures and criteria. However, well-documented written materials for an acceptable new funeral service curriculum may be acted upon by the Committee at its discretion without recourse to candidacy status, a formal Self study document, an on-site visitation, or payment of appropriate fees.

E. NEW PROGRAM ADDITIONS IN ACCREDITED INSTITUTIONS

When an accredited institution wishes to offer a new or additional funeral service program or curriculum, the substantive change cover sheet and form 9 (see Appendix K) must be submitted. A site visit will be conducted, with costs borne by the institution within six months of the effective change date. Interim accreditation for the new program or curriculum may, at the discretion of the Committee on Accreditation, be obtained by submitting material documenting that the new or additional program(s) are in compliance with the Accreditation Standards and The Manual requirements.

F. UNACCREDITABLE PROGRAMS IN ACCREDITED INSTITUTIONS/DEPARTMENTS

ABFSE accredited institutions/departments which choose to offer, in addition to accredited programs, unaccreditable programs, must comply with following procedures:

1. Publications describing the unaccreditable program must contain the following caveat: "This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education owing to the fact that it does not include instruction in the following areas: (list all deficits). Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required."

2. The academic transcript for graduates of unaccreditable programs must carry the following wording: "This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required."

This requirement does not apply to a bachelor degree completion program which requires graduation from an ABFSE-accredited program as a condition for admission.

G. COMPLAINTS ABOUT ACCREDITED PROGRAMS

The discussion in this section applies to all complaints about accredited programs or institutions whether received randomly, received during a site visit, or received as part of the "third party comment" provisions outlined in Section J of Chapter VIII.

1. Alleged Violations

Neither the COA nor the ABFSE attempts to resolve disagreements or misunderstandings concerning course grades, teaching methodologies, fee and tuition structures, program requirements, employment issues, etc. among various parties and/or organizations that are unrelated to accreditation Standards. When either the COA or the ABFSE receives such complaints, individuals submitting the complaint(s) will be encouraged to submit the matter directly to the program director, institution president, or other party or parties involved.

It is recognized that the COA/ABFSE, its officials, and its representatives as well as site visit teams may from time to time hear student and other complaints (including third party complaints/comments referred to in Section J of Chapter VIII) either during an accreditation cycle or outside of the accreditation cycle. In such cases, no action shall be taken unless the complaint specifically deals with an accreditation standard, involves what appears to be a significant ethical violation, or involves what appears to be a legal issue.
• If the complaint deals with the possible violation of an accreditation standard, the provisions outlined herein and in G.2 below will apply.

• If the complaint raises a serious ethical issue, complainant will be advised that before any follow up action can be taken he or she must submit the matter in writing and specifically authorize the COA/ABFSE to discuss the matter with the appropriate party or parties. The communication must be notarized. In such instances, the procedures identified herein and in G.2 below will be followed.

• If the complaint raises a legal issue, the complaint will be encouraged to report the matter to the appropriate civil authorities.

Notification of alleged violations of the Standards of Accreditation normally must be made within 3 months of the complainant becoming aware of the standard alleged to have been violated and after all available campus procedures have been pursued. The Committee on Accreditation will not consider alleged violations which can be and are more properly resolved within the institution’s own system of due process and grievance or situations which are outside the accreditation Standards.

A standard form for the submission of complaints is available on the ABFSE website or by contacting the ABFSE office.

2. Investigation and Consideration of Alleged Violations

The Executive Director of the American Board will send a copy of the allegations and complaint, submitted as required in #1 above, to the institution concerned and to the Chairperson of the Committee on Accreditation, within 10 days of its receipt. Also within 10 days of receipt, the complainant will be notified of the receipt of the complaint and will be supplied with a copy of the ABFSE complaint policy.

Formal Complaints

When the Executive Director receives a formal complaint, it is reviewed to ensure that it properly alleges non-compliance with a Standard. If the complaint does not allege non-compliance with a Standard, the complaint is dismissed by the Executive Director and the complainant is given notice of such action. Alternatively, the complainant could be given the opportunity to amend the complaint within 30 days).

If the Executive Director determines the complaint does allege non-compliance with a Standard, the Executive Director forwards the details of the complaint to the responsible official at the school, citing the Standards that are alleged to have been violated.

The school has 30 days to respond.

Within 30 days of receipt of the school response, the Executive Director in consultation with the COA Chair, will:

• determine that there is not a sufficient basis to sustain the allegations in the complaint. The Executive Director will then notify the school and complainant that the complaint has been dismissed. This action will be reported to the full COA at the next regular meeting.

OR

• refer the matter to the COA at the next regularly scheduled meeting (if within 60 days from the receipt of the school’s response) or by special meeting if more than 60 days before the next regular meeting or if the Executive Director determines that the complaint is of an urgent nature.

When a complaint is forwarded to the COA for action, the COA may:

(a) appoint an individual or a subcommittee to investigate the complaint to establish facts,
Anonymous Complaints

When an anonymous complaint is received, the Executive Director is to determine if the complaint alleges non-compliance with a Standard. If the complaint does not allege non-compliance with a Standard, the complaint is dismissed.

If the complaint does allege non-compliance with a Standard, the complaint is reviewed by the site visit team during the next re-accreditation visit.

If the Executive Director determines that:

(a) the anonymous complaint is of a serious nature and
(b) requiring identification of the complainant would jeopardize the investigation and pose a significant risk to the complainant, the complaint will be referred to the COA for consideration at the next regular meeting (if within 60 days from the receipt of the complaint) or by special meeting if more than 60 days before the next regular meeting or if the ED determines that the complaint is of an urgent nature.

3. Following are the actions available in responding to a complaint:

• Should evidence submitted in answer to the complaint satisfy the Committee on Accreditation, the committee shall clear the institution of the charges. Both complainant and institution will be notified of this within 48 hours of the committee meeting.

• Should the answer to the complaint not satisfy the Committee on Accreditation, it may delay a decision and require additional information from either or both the complainant and the institution. The request for additional information shall be sent within 7 days of the COA meeting and any additional information will be required to be filed with the COA within 30 days thereafter.

• Should the answer to the complaint not satisfy the Committee on Accreditation, and if no further information is required, the COA may give notice to the program and advise the complainant and otherwise publish the action (see Committee Actions, Chapter 6, B. 3-7, pages 6-1 through 6-3 of a warning, probation, show cause, revocation of Candidacy, or termination of Accreditation within 48 hours of the committee meeting unless satisfactory action is taken by the program. The COA may take additional actions appropriate to the situation.

• Action by the Committee on Accreditation is final, subject only to the appeal process (see Chapter VII above).

H. SPECIAL EVALUATIONS OR SITE VISITS TO MONITOR COMPLIANCE WITH ABFSE STANDARDS

It is the responsibility of the COA to ensure that all programs remain in compliance with ABFSE Standards throughout their accreditation or pre-accreditation period. When the Executive Director receives credible information from any source that a program is out of compliance with any of the American Board Standards, the Executive Director will discuss with the Chair of the Committee on Accreditation whether there is a need for a special evaluation or site visit to that program. If a special evaluation or site visit is determined to be necessary, the following steps will be followed:

1. The program will be notified in writing that there is evidence that the program is out of compliance with one or more Standards.
2. The program will be asked to file a complete and concise written response to the allegation within one week. In the case of a standard related to the immediate health and safety of students and staff, the program will be asked to file a complete and concise written response to the allegation within 72 hours.

3. Based on the program response, the Chair of the Committee on Accreditation will determine if a special evaluator or site visit is appropriate.

4. If a special evaluator or site visit is required, the Executive Director will appoint the person(s) in consultation with the Chair of the Committee on Accreditation. For issues related to health and safety, the evaluation or site visit will be scheduled within one week of the decision to proceed with an evaluation. The costs of the visit will be borne by the institution.

5. The Evaluator or site visit team will draft a report on the findings from the evaluation.

6. A copy of the report will be sent to the program for a written response.

7. The report of the evaluator or site visit team and the program response to the report will be considered by the Committee on Accreditation at its next regularly scheduled meeting. If the compliance issue is considered by the Chair to be too serious to wait for the next scheduled meeting of the Committee on Accreditation, a special meeting, by conference call or in person, will be scheduled.

I. SUBSTANTIVE CHANGE

1. The Committee on Accreditation requires that institutions apply for, and obtain, COA approval of any substantive change before the change is included in the scope of accreditation or candidacy previously granted to the institution. Approval is based on evidence that the proposed change will not adversely affect the capacity of the institution to continue to meet the Standards. Please note that some changes require a one-day on-site visit in addition to submission of the appropriate application forms and fee. Application forms are available via the ABFSE website and in Appendix K of The Manual.

2. Changes that significantly impact the financial stability or enrollments of an institution, receipt of more than three applications at one time, or any other changes that affect the institution’s ability to comply with the Standards will result in the need for a comprehensive evaluation. COA will consider substantive changes applications on a case-by-case basis and determine whether a comprehensive evaluation of an institution is appropriate instead.

Determination of whether any such action is appropriate will be made using the following procedure. Within ten calendar days of the notice of substantive change, the COA staff shall advise the institution whether in the staff’s opinion a site visit, a comprehensive evaluation, or other action may be appropriate. The institution shall be given ten days to respond to the staff’s determination. At the end of those ten days, the COA shall review the institution’s request for substantive change, the staff’s analysis, and the institution’s response to the staff’s analysis.

Within fourteen days of that review, the COA shall determine if a site visit or other action is appropriate. If it so determines, that action shall normally occur within 30 days unless, in consultation with the institution, the COA determines a longer period of time, not to exceed six months, is appropriate. In instances where the COA has determined a comprehensive evaluation (which would likely include a Self study and related materials as well as an on-site visit) is appropriate, the timeline shall be established by the COA in consultation with the institution. In such cases, the comprehensive evaluation shall occur within six months.

The COA will generally designate the date of its formal action as the effective date of any substantive change. When there is good and obvious reason for a later date, the later date will be used as the effective date. The date will not be retroactive other than in the case where a change in ownership occurs within 30 days prior to the COA’s action. In such case, the COA may establish the effective date to coincide with the change in ownership.
3. Substantive change includes the following types of changes:

   (i) any change in the established mission or objectives of the institution or program.

   (ii) any change in the legal status, form of control, or ownership of the institution or program (on-site visit required).

   (iii) the addition of courses or programs that represent a significant departure, in either content or method of delivery, from those that were offered when the agency last evaluated the institution or program (on-site visit required). This description applies when an accredited program expands distance education offerings to 50% or more. (See Appendix E)

   (iv) the addition of accredited courses or programs at a degree or credential level different than that which is included in the institution’s or program’s current accreditation or candidacy (on-site visit required).

   (v) a 25% or more increase in the number of credit hours awarded for successful completion of a program (on-site visit required).

   (vi) A change in the legal name of the institution or program.

   (vii) A change in the program director or a change of 60% or more of the core faculty within one year program cycle.

   (viii) Relocation of the institution’s or program’s permanent instructional site (on-site visit required).

   (ix) The acquisition of any other institution or any program or location of another institution (on-site visit required).

   (x) The addition of a permanent location at a site at which the institution or program is conducting a teach-out for students of another institution that has ceased operating before all students have completed their program of study (on-site visit required).

   (xi) the establishment of an additional location geographically apart from the main campus at which the institution or program offers at least 50 percent of an educational program.

See Appendix K for Substantive Change Application forms.

The following types of substantive change requirements (xiii-xviii) apply to institutions or programs whose recognition by the COA allows them to seek eligibility to participate in Title IV, HEA program (i.e. ABFSE serves as gatekeeper)

   (xiii) If the accreditation of an institution enables the institution to seek eligibility to participate in Title IV, HEA programs, the entering into a contract under which an institution or organization not certified to participate in the Title IV, HEA programs offers more than 25% of one or more of the accredited institution’s educational programs (on-site visit required).

   (xiv) If the accreditation of an institution enables it to seek eligibility to participate in Title IV, HEA programs, the establishment of an additional location geographically apart from the main campus at which the institution offers at least 50% of an educational program. The addition of such a location must be approved by the COA unless the COA determines, and issues a written determination that the institution has—

      i. Successfully completed at least one cycle of accreditation of the maximum length offered by the COA and one renewal, or has been accredited for at least ten years;

      ii. At least three additional locations that the COA has approved; and
iii. Met criteria established by the COA indicating sufficient capacity to add additional locations without individual prior approvals, including at a minimum, satisfactory evidence of a system to ensure quality across a distributed enterprise that includes—
   a) Clearly identified academic control;
   b) Regular evaluation of the locations;
   c) Adequate faculty, facilities, resources, and academic and student support systems;
   d) Financial stability; and
   e) Long-range planning for expansion

(xv) The COA’s procedures for approval of an additional location require timely reporting to the COA of every additional location established under this approval.

(xvi) The COA’s determination or re-determination to pre-approve an institution’s addition of locations may not exceed five years.

(xvii) The COA will not pre-approve an institution’s addition of locations after the institution undergoes a change in ownership resulting in a change of control until the institution demonstrates that it meets the conditions for the COA to pre-approve additional locations described in this section.

(xviii) The COA will conduct, at reasonable intervals not to exceed the normal period of accreditation, visits to a representative sample of additional locations utilizing the substantive change application procedure described above.

4. Certain substantive changes require a comprehensive evaluation, an on-site visit, or other action. These changes include when an institution:

   a. establishes one or more branch campus programs (see also Section I.2 of Chapter X (page 10-4))
   b. changes sponsorship to the extent that it likely will affect a program’s continued compliance with the Standards for Accreditation and the related provisions of The Manual (see Section D-1 of Chapter VIII).
   c. adds a new or additional funeral service program or curriculum (see also Section D-1-e of Chapter VIII)
   d. makes a substantive change that places an institution in violation of one or more Standards (See Section H of Chapter VIII).

5. The COA reserves the right to require a comprehensive evaluation (i.e. Self study and site visit) at any time it believes there may be a violation one or more accreditation Standards (Section H of Chapter VIII).

   Determination of whether a comprehensive evaluation is appropriate will be made using the following procedure. Within ten business days of the notice of substantive change, the COA staff shall advise the institution whether in the staff’s opinion a site visit, a comprehensive evaluation, or other action may be appropriate. The institution shall be given ten days to respond to the staff’s determination. At the end of those ten days, the COA shall review the institution’s request for substantive change, the staff’s analysis, and the institution’s response to the staff’s analysis.

   Within fourteen days of that review, the COA shall determine if a site visit or other action is appropriate. If it so determines, that action shall normally occur within 30 days unless, in consultation with the institution, the COA determines a longer period of time, not to exceed six months, is appropriate. In instances where the COA has determined a comprehensive evaluation (which would likely include a Self study and related materials as well as an on-site visit) is appropriate, the timeline shall be established by the COA in consultation with the institution. In such cases, the comprehensive evaluation shall occur within six months.

   The COA will generally designate the date of its formal action as the effective date of any substantive change. When there is good and obvious reason for a later date, the later date will be used as the effective date. The date will not be retroactive other than in the case where a change in ownership occurs within 30 days prior
to the COA’s action. In such case, the COA may establish the effective date to coincide with the change in ownership.

6. When the COA’s accreditation of an institution enables the institution to seek eligibility to participate in Title IV, HEA programs, the COA’s procedures for the approval of an additional location described in this section will be contingent upon the institution’s demonstration that it has the fiscal and administrative capacity to operate the additional location. In addition, the COA’s procedures will include:

a. a visit, within six months, to each additional location the institution establishes, if the institution:

(i) has a total of three or fewer additional locations;

(ii) has not demonstrated, to the COA’s satisfaction, that it has a proven record of effective educational oversight of additional locations; or

(iii) has been placed on warning, probation, or show cause by the COA or is subject to some limitation by the COA on its accreditation or preaccreditation status;

b. The COA’s accreditation activities will include visits to additional locations of institutions that operate more than three additional locations using the same schedule as visits to the primary location, although more frequent visits may be scheduled if the COA determines it appropriate to do so; and

c. The COA may include special visits to additional locations to ensure that accredited and preaccredited institutions that experience rapid growth in the number of additional locations maintain educational quality.

d. The purposes of the visits described in this section include verifying that all additional locations have the personnel, facilities, and resources indicated in the institution’s application for approval of the locations.

J. THIRD PARTY COMMENT

The Committee on Accreditation publishes in its directory of accredited programs the date of the most recent and the date of the next comprehensive review for each program. The Directory of Accredited Programs carries an invitation to any interested third parties to submit to the Committee on Accreditation written comments on any program’s qualifications for accreditation or pre-accreditation prior to its next comprehensive review. The COA shall consider any input received during its program review.

K. NEW FINANCIAL INFORMATION FOR REVIEW IN AN ADVERSE ACTION

An institution or program may, before the COA reaches a final adverse action decision, seek review of new financial information if all of the following conditions are met:

1. The financial information was unavailable to the institution or program until after the decision subject to appeal was made.

2. The financial information is significant and bears materially on the financial deficiencies identified by the COA. The criteria of significance and materiality will be determined by the COA on the basis of information provided by the program or institution.

3. The only remaining deficiency cited by the agency in support of a final adverse action decision is the institution’s or program’s failure to meet an agency standard pertaining to finances.

An institution or program may seek the review of new financial information described above only once and any determination by the COA made with respect to that review does not provide a basis for an appeal.
CHAPTER IX

ACCREDITATION STANDARDS
(New Standards effective January 1, 2020)

INTRODUCTION

Accreditation of Funeral Service Education programs is intended to help ensure that the same basic elements of funeral service education apply regardless of where a student is educated. Standards have been developed to foster this goal.

Accreditation decisions, including Candidacy, are based upon compliance with the Standards. Accredited programs will be referred to as programs throughout the Standards whether offered by a single purpose institution or multi-purpose institution. Provisions to address the specific characteristics of the different types of institutions and different delivery modalities do exist.

The provisions contained in the Standards are separable. If any section, sub-section, paragraph, sentence, clause, phrase, or requirement contained herein shall be held to be illegal or unenforceable, such illegality or unenforceability of such part shall not affect or in any way impair the validity, application, or enforceability of the remaining portion of that section.

1.1.2 classroom teaching, distance instruction, clinical education, including clinical field experience,
1.1.3 appointment and evaluation of faculty,
1.1.4 policies and procedures for institutional admission, as well as program admission if that process differs,

1.1.6 awarding a diploma, certificate, or degree documenting completion of the program based upon the federal definition of credit hour (see Standard 13).

1.2 If a program is associated with, or financially sponsored by, an organization whose main purpose is other than education, the program must provide written evidence of sufficient separation between the sponsoring organization and the program to guarantee an effective, independent, and objective learning environment.

1.3 The governing board must be the legally constituted group which holds the assets of the institution in trust. It must be responsible for sustaining the institution, approving its objectives, and implementing and controlling the program.
1.3.1 The institution must provide a complete list of members of the governing board.
1.3.2 The institution must maintain the by-laws, agenda, minutes or other governing documents pertaining to the governing board for review since the last comprehensive review. These documents must be available for review by the site visit team.

STANDARD 3: ADMINISTRATIVE PRACTICES AND ETHICAL STANDARDS

3.1 Each institution and program must conduct their business and academic activities in an ethical manner. In this regard, each institution program must

3.1.1 publish and adhere to a personnel policy assuring equal employment opportunity for all qualified persons; maintain admissions, financial aid, and education services policies for students assuring equal consideration without regard to race, color, sex, national origin, age, disability, marital status, or veterans status; and

3.1.2 ensure that publications and advertising accurately portray the realities of the program and institution.

The catalog of each institution must give as much information as possible to include entire curriculum and program of study containing at least the following:

3.1.2.a course names and identification numbers;
3.1.2.b summary descriptions and credit hours;
3.1.2.c requirements for admission;
3.1.2.d requirements and processes for withdrawal and graduation;

3.1.3.a Adequate and secure filing systems for student academic records must exist and policies must be in place to ensure maintenance of these records in perpetuity.
3.1.3.b Program records, such as clinical reports, surveys, affiliation agreements and accreditation-related documents must be maintained from the date of the last comprehensive accreditation visit. Institutional oversight and procedures must be in place to ensure maintenance and continuity of these records when personnel changes take place.

3.2 Any reference by a program to accreditation in catalogs, bulletins, or other official publications and communication or other media must read as follows:

Programs in a multi-purpose institution will use:

The (name of the accredited degree program) at (name of sponsoring institution) is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097 (816) 233-3747. Web: www.abfse.org
When ABFSE serves as ‘gatekeeper’ for the single purpose institution the statement should read: (name of sponsoring institution) and the (name of the accredited degree program) are accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097 (816) 233-3747. Web: www.abfse.org

NOTE: The reference to accreditation must name the specific program accredited by the ABFSE. If the institution offers more than one degree (or its equivalent) program accredited by ABFSE, the names of all accredited programs must appear in the accreditation statement. (This requirement is particularly important in those institutions offering other areas of instruction which are not accredited, or eligible for accreditation, by the ABFSE.)

3.3 ABFSE accredited institutions or programs which choose to offer, in addition to one or more accredited programs, unaccreditable programs must comply with the following procedures:

3.3.1 Publications describing the unaccreditable program must contain the following information:
“This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required.”

3.3.2 In addition, the academic transcript for graduates of unaccreditable programs must carry the statement: “This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required.”

3.3.3 The requirements of Standard 3.3 do not apply to a bachelor degree completion program which requires graduation from an ABFSE accredited program as a condition for admission.

3.4 Written policies must exist which ensure due process for students, faculty, and staff, including grievance procedures, clearly defined disciplinary policies, and sexual harassment policies.

3.4.1 All written student complaints about the program that follow the institution’s or other governing entity’s stated procedure must be available for review.

3.4.2 The program must file a written response or demonstrate resolution of complaints that have been received.

3.4.3 Written student complaints are to be reported on the Annual Report.

3.5 Honesty and integrity are required of all accredited programs and each program will conduct itself in an ethical manner. Violations of ethics include, but are not limited to:

3.5.1 Providing false, misleading, or distorted information directly or by omission to the ABFSE or Committee of Accreditation (COA);

3.5.2 Engaging in illegal conduct;

3.5.3 Presenting false information to students, faculty, staff or the public;

3.5.4 Engaging in intentional conduct that is coercive to students or prejudicial to student learning or outcomes

3.5.5 Any other conduct that is generally regarded as unethical in higher education, accreditation of educational programs and institutions, or funeral service.

3.6 See also Standards 4.1 and 11.2 (if applicable) for additional topics subject to Administrative Practices and Ethical Standards.

GUIDANCE for DISTANCE EDUCATION (see Appendix E for details)

Institutions with 50% or more of their program requirements delivered through distance education must:

- demonstrate how recruitment and admission practices related to distance education are appropriate to the institution’s and the Funeral Service Program’s mission and purposes;

**STANDARD 10: PROGRAM PLANNING AND EVALUATION / ASSESSMENT**

10.1 Each accredited program must have a continuous system of planning and assessment in place to measure its effectiveness and to implement necessary improvements.

10.1.1 Each accredited program must have a documented plan which incorporates guidelines, procedures, and methodologies of planning and assessment. The plan must:

- assess the program’s learning outcomes.
- be in writing and approved by the appropriate administrative authority.
- contain provisions for periodic review and revision.

10.1.2 Each accredited program must establish a comprehensive, ongoing system of planning and assessment that ensures instructional quality and documents student outcomes. The assessment plan and system must include:

- Provisions for collecting, maintaining, and analyzing data since the last comprehensive review.
- Methods for continuous feedback from students, faculty, and other constituents.
- Regularly scheduled student evaluations of courses and faculty;
- Regularly scheduled supervisory evaluation of faculty and program administrators;
- Results of annual surveys of graduates and employers to include satisfaction with instructional quality, preparation for employment, and expectations of employment;
- Methods used to measure the attainment of expected instructional outcomes; and
- Documentation of how the assessment efforts are used to improve instructional and program quality.

10.2 If the program has been evaluated previously by ABFSE, the program must document actions since the last review to correct any deficiencies that may have been cited in reference to the Standards.

10.3 Since the last comprehensive review, the program must maintain, calculate, and explain how it has utilized the following data for planning and assessment purposes:

10.3.1 Pass Rates on the National Board Examination (NBE): Accredited programs must report statistics for both the “Arts” and “Sciences” sections of the National Board Examination on the Annual Report.

10.3.2 Graduation rates: New Enrollees will be reported as a cohort when they enter the accredited program and tracked to graduation.

When students complete 50% or more of the degree program they will be tracked to graduation for calculation of the timely graduation rate. From this point, completion in 150% of program length will be considered timely graduation.

10.3.3 Employment rates: Graduate employment data must be provided on the Annual Report. Job placement is to be calculated within six months of each student’s graduation. A survey done at
graduation will be accepted as ‘within 6 months.’ Students for whom no data is available will be considered not employed. Funeral service-related employment, active military duty, or enrollment in further higher education count as employment for this calculation.

10.3.4 Graduation, employment and NBE pass rates must be separately calculated for students who take 50% or more of their courses through Distance Education. The rates for traditional and distance education students will be considered both combined and separately in accreditation actions.

10.4 Programs must maintain at least a 60% three (3) year average pass rate for first-time takers of the Arts and Sciences sections of the NBE.

10.4.1 A program with a single year NBE pass rate below 60% on either or both sections of the NBE receives a warning, is subject to additional monitoring and must submit a report to the Committee on Accreditation by March 1 of the following year. The report must analyze the reason(s) for the substandard pass rate and detail plans for improvement. Failure to submit a satisfactory report may lead to negative accreditation action. An institution with sporadic rates will be reviewed and may be subject to comparable reporting action as identified above.

10.4.2 Three-year average NBE pass rates below 60% will result in the following action: 10.4.2.a first year: Probation. 10.4.2.b second consecutive year: Accreditation is withdrawn unless good cause is shown to continue accreditation. (Show Cause)

10.5 Programs must maintain at least a 60% 3-year average graduation rate.

10.5.1 A program with a single year graduation rate below 60% receives a warning, is subject to additional monitoring and must submit a report to the Committee on Accreditation by March 1 of the following year. The report must analyze the reason(s) for the substandard graduation rate and detail plans for improvement. An institution with sporadic graduation rates will be reviewed and may be subject to comparable reporting action as identified above.

10.5.2 Three-year average graduation rates below 60% will result in the following action: 10.5.2.a first year: Probation. 10.5.2.b second consecutive year: Accreditation is withdrawn unless good cause is shown to continue accreditation. (Show Cause)

10.6 Programs must maintain at least a 60% 3-year average employment rate.

10.6.1 A program with a single year employment rate below 60% receives a warning, is subject to additional monitoring and must submit a report to the Committee on Accreditation by March 1 of the following year. The report must analyze the reason(s) for the substandard employment rate and detail plans for improvement. An institution with sporadic employment rates will be reviewed and may be subject to comparable reporting action as identified above.

10.6.2 Three-year average employment rates below 60% will result in the following action: 10.6.2.a first year: Probation. 10.6.2.b second consecutive year: Accreditation is withdrawn unless good cause is shown to continue accreditation. (Show Cause)

10.7 Substandard rates for two or more outcome metrics in the same year (graduation, employment and NBE pass rates) will result in the following action:
10.7.1 first year: Probation

10.7.2 second consecutive year: Accreditation is withdrawn unless good cause is shown to continue accreditation (Show Cause).

10.8 The pass rate of first-time takers on the National Board Examination (NBE), and program employment rates and graduation rates for the most recent three (3) year periods will be posted in the Directory of Accredited Programs on the ABFSE website.

10.8.1 So that the public and prospective students can easily access these statistics, programs must maintain up to date rate information provided by the ABFSE on the program website.

10.8.2 The following statement must also appear in the institution's catalog: “National Board Examination pass rates, graduation rates, and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org in the Directory of Accredited Programs.

10.8.3 Accredited programs in which students take 50% or more of their courses via distance education must also post NBE pass rates, graduation rates and employment rates for this modality – effective for 2020 calendar year data.

10.8.4 Institutions failing to comply with Standard 10.8 will be placed on probation immediately. Continued non-compliance may lead to the removal of accreditation.

GUIDANCE for DISTANCE EDUCATION (see Appendix E for details)

Institutions with one or more program courses available through distance education must demonstrate how the institution’s and the Funeral Service Program’s plans for developing, sustaining, and, if appropriate, expanding distance education offerings are integrated into its regular planning and evaluation processes and its system of governance and academic oversight;

Institutions with 50% or more of their program offered via distance must demonstrate how the institution and the Funeral Service Program evaluates the effectiveness of its distance education offerings, including the extent to which the distance education goals are achieved, and how the results of its evaluations are used to enhance the attainment of the goals.

STANDARD 11: DEFAULT RATES IN THE STUDENT LOAN PROGRAMS UNDER TITLE IV and COMPLIANCE WITH TITLE IV PROGRAM RESPONSIBILITIES

(Only single-purpose, non-regionally accredited, funeral service institutions, for which ABFSE serves as ‘gatekeeper’ in order to participate in Title IV Higher Education Act programs, must respond.)

11.1 Single purpose institutions for which the ABFSE serves as “gatekeeper” must also demonstrate compliance with all obligations under Title IV, including results of compliance audits and program reviews. (See Appendix F)

11.2 Recognizing the primary role of financial aid auditors to ensure compliance with Title IV, COA will limit their review under this standard to the following:

11.2.1 Examination of the most recent three years of financial aid, including any audit exceptions.

11.2.2 Default Rates for the Title IV Student Loan Program for the years since the last accreditation review, as reported to the college by the U. S. Department of Education.

11.2.2.a For institutions in which most recent rates are above the federal guidelines, plans to bring rates into compliance must be reported to the ABFSE office.
11.2.3 The most recent financial aid audit and default rate info (as indicated in 11.2.1 and 11.2.2) will be
attached to the Annual Report each year to be reviewed by a sub-committee of the COA.

11.3 Any adverse communications relative to Title IV eligibility must be reported to the ABFSE office in a timely
manner (within 30 days of receipt).

11.3.1 Non-compliance with Title IV obligations will be considered in ABFSE accreditation decisions.

STANDARD 12: PROGRAM LENGTH, TUITION, AND FEES MUST RELATE TO SUBJECT MATTER

(Only single-purpose, non-regionally accredited, funeral service institutions, for which ABFSE serves as ‘gatekeeper’
in order to participate in Title IV Higher Education Act programs, must respond.)

12.1 The Institution must demonstrate that the subject matter taught relates reasonably to tuition and fees charged
and to length of the program. Documentation must include length of program(s) and the number of hours and
the corresponding tuition and fees for each program.

STANDARD 13: PROGRAM LENGTH IN CREDIT HOURS

(Only single-purpose, non-regionally accredited, funeral service institutions, for which ABFSE serves as ‘gatekeeper’
in order to participate in Title IV Higher Education Act programs, must respond.)

13.1 The Institution must demonstrate that its program is defined in standard credit hour terms, either semester hour
or quarter hour following the current Department of Education definition of credit hours.

13.1.1 The Federal Definition of Credit Hour is found in 34 CFR 600.2 and 34 CFR 668.8(k) and (l); see
also DCL ID: GEN-11-06: Credit hour is an amount of work represented in intended learning
outcomes and verified by evidence of student achievement that is an institutionally established
equivalency that reasonably approximates not less than:

- One hour of classroom or direct faculty instruction and a minimum of two hours of out of class
  student work each week for approximately fifteen weeks for one semester or trimester hour of
  credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over
  a different amount of time; or

- At least an equivalent amount of work as required in paragraph (1) of this definition for other
  academic activities as established by the institution including laboratory work, internships,
  practica, studio work, and other academic work leading to the award of credit hours.

13.1.2 Institution must provide evidence of how credit hours are measured/calculated and how the program’s
hours are distributed by term. This should be done for on campus as well as distance education
programs.
A. GENERAL POLICIES

Funeral service practitioners are licensed because funeral service involves significant considerations of public health, both as it relates to the proper disposition of human remains and to the counseling of bereaved persons. Accordingly, programs of education relating thereto must maintain as high a standard of excellence as possible in the light of existing knowledge.

The American Board encourages each program to develop and implement experimental programs designed to expand and improve the professional education of its students.

The American Board will, upon request, make available to individual institutions an educational consultant to advise in matters pertaining to Standards for Accreditation. This service, a significant and growing phase of the American Board's program, provides a medium for the exchange of productive ideas and experience. The expenses incurred shall be paid by the requesting program.

B. DISCLOSURE AND CONFIDENTIALITY

It is the obligation of every program applying for candidacy, extension of candidacy, accreditation, annual renewal, or continuing accreditation to provide the Committee on Accreditation access to all parts of its operations with due regard for the rights of individual privacy and with complete and accurate information with respect to the institution's affairs, including reports from other accrediting, licensing, and auditing agencies. Failure to do so, or to make complete, accurate, and honest disclosure, is sufficient reason in and of itself to deny or revoke candidacy or accreditation.

The Committee on Accreditation will maintain inviolate the confidentiality of information supplied by the program except in those cases where it is deemed necessary by the American Board to make public information which forms a substantive basis for the committee's decision.

The American Board will announce publicly, as appropriate, through its Executive Director, the fact an institution's and/or program's

1. candidacy or accreditation has been approved;
2. candidacy has been extended or its accreditation renewed;
3. candidacy has not been renewed or its accreditation has been terminated;
4. has been placed on probation and the reasons therefore;
5. has been given a show cause order effective at a specific date and the reasons therefore;
6. application for candidacy or accreditation has been denied.

If a program so conducts its affairs that it becomes a matter of public concern, the American Board may announce, through its Executive Director, any action the Committee on Accreditation has taken and the basis for that action, making public any pertinent information available to the Committee.

C. CONFLICT OF INTEREST: Real as well as perceived conflicts will be avoided.

1. Selection of Site Visitors:

   a. No individual who has served as consultant to a program may serve as a site visitor to that program.
   b. No personnel from programs potentially in direct competition with the program being evaluated may serve on the site visit team.
c. No recent (within 5 years) graduate nor recent faculty member (within 5 years) of the program being evaluated may serve on the site visit team.

d. No faculty members or practitioners from within the same state in which the evaluated program is located may serve on the site visit team.

e. No faculty member from within institutions in the same systems as the program being evaluated may serve on the site visit team.

f. Except for focused visits, no member of the Committee on Accreditation or the ABFSE chairperson may serve on the site visit team.

2. Site Visit Behavior: Site visitors are prohibited from using the site visit as either an employment opportunity for themselves or to hire faculty away from the program being evaluated.

3. Voting by Committee on Accreditation Members: Members must abstain from voting and from the discussion if they have a real or perceived Conflict of Interest. Committee members from within the state of the program being evaluated may not make motions, participate in the discussion, or vote concerning that program. Committee members employed by the program being evaluated or any other program within the same educational system must absent themselves during the executive session and voting concerning that program.

4. Persons serving as consultants, administrative staff, or in any other way serving the committee shall avoid real or perceived conflicts of interest and shall follow all policies listed in #1-3 above. Members of the Committee on Accreditation, site visit teams and employees of the ABFSE will be expected to sign a Conflict of Interest statement. (See Appendix G)

D. REFERENCE TO ACCREDITATION STATUS BY A PROGRAM

1. Any reference by a program to accreditation in catalogs, bulletins or other official publications and communication or other media shall read as follows:

“The (name of accredited degree program) at (name of sponsoring institution) is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097. (816) 233-3747. Web: www.abfse.org.”

Please note that the reference to accreditation names the specific program accredited by the ABFSE; this requirement is particularly important in those institutions engaged in other areas of instruction which are not accredited by, or eligible for accreditation by, the ABFSE.

Institutions accredited by ABFSE (for Title IV eligibility) will use the following accreditation statement:

“(Name of sponsoring institution) and the (name of accredited degree program) are accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097. (816) 233-3747. Web: www.abfse.org.”

2. ABFSE accredited institutions/departments which choose to offer, in addition to accredited programs, unaccreditable programs, must comply with the following procedures:

a. Publications describing the unaccreditable program must contain the following information: "This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required."

b. The academic transcript for graduates of unaccreditable programs must carry the following information: "This academic program is designed to meet specific state or professional needs. It is not accredited by
the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required.

E. PROTECTION OF STUDENTS: Students matriculated in an accredited program which loses its accreditation status prior to their graduation are still considered graduates of an accredited program.

F. REVISIONS OF THE ACCREDITATION AND POLICY MANUAL AND STANDARDS: Recognizing that the funeral service profession is continuously evolving, periodic review of ABFSE policies, procedures, and Accreditation Standards is an on-going process.

1. The Committee on Accreditation (COA) is responsible for all policies related to Accreditation, including Standards, accreditation process, accreditation procedures, accreditation policies, and granting or taking other actions regarding Candidacy and Accreditation.

2. Although it may review them at any time, the Committee on Accreditation will review the Standards of Accreditation at least once every five (5) years. Standards are constantly monitored using information provided from the indices listed in #6 below. If the COA determines at any point during its systematic program of review that it needs to make changes to its Standards, the Committee will initiate action within 12 months and make the changes within a reasonable period of time (normally six months). The formal review of the Standards every five (5) years will follow the process outlined in Appendix H of The Manual.

3. For any changes in the Standards of Accreditation or other policies or procedures related to accreditation (including but not limited to the formal five-year review), the COA will provide advance notice to allow interested parties opportunity to comment on the proposed changes prior to their adoption. To ensure opportunity for broad input, the process to ensure broad review will follow the guidelines in items 3, 4, and 5 of Appendix H of The Manual.

4. Other, non-accreditation, ABFSE policies are to be voted upon by the American Board—and must be submitted to all members at least 30 days prior to the meeting at which the proposal will be considered. Submission will be in the form of a Notice of Motion.

5. The Notice of Motion proposing a change to any non-accreditation policy shall require two thirds vote of members present at an official meeting of the ABFSE and, if passed, shall become effective upon passage unless otherwise directed by the board.

6. The Committee on Accreditation uses several indices to ensure that the Standards of Accreditation are valid, current, consistent, and relevant indicators of the quality of the education needed for entry into the funeral service profession. Among the indices used are

a. annual reports from each program providing information on demographics, attrition, and program changes;

b. on-going liaison with the Curriculum Committee which ensures that the required curricula include all areas tested by the National Board Examination, which, itself, is based on task analyses provided by practitioners in the field;

c. Introspective analysis by the Committee (to ensure its application of Standards is consistent.

G. WAIVER AUTHORITY: The Committee on Accreditation may waive policies related to accreditation as contained in this Manual when, in its opinion, unusual or compelling reasons supporting such waiver exist.

H. PUBLICATION OF INACCURATE INFORMATION: In the event an ABFSE accredited program or its sponsoring institution, publishes or otherwise disseminates information that misrepresents or distorts action taken by the Committee on Accreditation with respect to the accreditation process or status of the program, the following will occur:
The administrative officer of the sponsoring institution and the director of the funeral service program will be notified in writing of the misrepresentation or distortion and will be asked to take corrective action in writing regarding the misrepresentation or distortion.

Should the sponsoring institution and/or the funeral service program fail to take prompt corrective action, the Committee on Accreditation may publish a statement providing correct information to appropriate publics which will appear in the ABFSE website and in whatever other forms deemed appropriate by the Committee.

I. BRANCH CAMPUS PROGRAMS: If an accredited funeral service institution intends to establish a branch campus, it is required to submit a business plan for the proposed branch in the form of a Self study.

1. As defined by the Department of Education’s Criterion 602.24a, a Branch Campus is a location of an institution or program that is geographically apart and independent of the main campus of the institution or program. Such a location is permanent in nature, offers courses in educational programs leading to a degree, certificate, or other recognized educational credential, has its own faculty and administrative or supervisory organization, and has its own budgetary and hiring authority.

The COA will consider as a “branch campus” for purposes of this and all other Standards any off-campus location of the program at which at least 50% of the educational program is offered. Each branch campus (or other location as noted herein) must meet all ABFSE/COA Standards of Accreditation as if it were a separate campus in and of itself.

See also the discussion above in Section I of Chapter VIII.

2. Institutions planning to establish a new Branch Campus must
   a. submit a complete Self study for the Branch campus, following all required ABFSE guidelines;
   b. within six months of the establishment of a Branch Campus program host a site visit. Cost of the visit is to be borne by the institution.

3. Once accreditation has been extended, each Branch Campus will be visited as an integral part of each accreditation comprehensive review and each must be included in all ABFSE Standards of Accreditation in the Self study.

J. TEACH-OUT PLANS AND AGREEMENTS

1. The COA requires that an institution it accredits or grants candidacy to submit a teach-out plan to the COA for approval upon the occurrence of any of the following events:
   (i) The United States Department of Education’s Secretary notifies the COA that the Secretary has initiated an emergency action against an institution, in accordance with Section 487(c)(1)(G) of the HEA, or an action to limit, suspend, or terminate an institution participating in any Title IV, HEA program, in accordance with Section 487(c)(1)(F) of the HEA, and that a teach-out plan is required.
   (ii) The COA acts to withdraw, terminate, or suspend the accreditation or candidacy status of the institution.
   (iii) The institution notifies the COA that it intends to cease operations entirely or close a location that provides one hundred percent of at least one program.
   (iv) A state licensing or authorizing agency notifies the COA that an institution’s license or legal authorization to provide an educational program has been or will be revoked.
2. The COA will evaluate the teach-out plan to ensure it provides for the equitable treatment of students under criteria indicated in this section, specifies additional charges, if any, and provides for notification to the students of any additional charges.

The COA requires that an institution it accredits or has granted candidacy to, which enters into a teach-out agreement either on its own or at the request of the COA must submit that teach-out agreement to the COA for approval. The COA may approve the teach-out agreement only if the agreement is between institutions that are accredited or have candidacy status (i.e., preaccredited) by a nationally recognized accrediting agency, is consistent with applicable standards and regulations, and provides for the equitable treatment of students by ensuring that—

(i) The teach-out institution has the necessary experience, resources, and support services to

(A) Provide an educational program that is of acceptable quality and reasonably similar in content, structure, and scheduling to that provided by the institution that is ceasing operations either entirely or at one of its locations; and

(B) Remain stable, carry out its mission, and meet all obligations to existing students; and

(ii) The teach-out institution demonstrates that it can provide students access to the program and services without requiring them to move or travel substantial distances and that it will provide students with information about additional charges, if any.

Closed Institutions. If an institution the COA accredits or has granted candidacy to closes without a teach-out plan or agreement, the COA will work with the United States Department of Education and the appropriate State agency, to the extent feasible, to assist students in finding reasonable opportunities to complete their education without additional charge.

Finally, the COA may require that an institution it accredits or has granted candidacy to enter into a teach-out agreement as part of its teach-out plan. Whether such a requirement is put in force will be determined on a case by case basis with due consideration to practicality, cost, feasibility, and likely effectiveness of such a plan.

K. CONTINUITY OF OPERATIONS

The ABFSE realizes that continuity of operations in the event of incapacitation of the Executive Director is vital. In order to provide such continuity, it has an agreement with an individual who is trained in all ABFSE operations.

This individual is prepared to take over temporarily in the event of the incapacitation of the Executive Director. This individual would assume all duties of the Executive Director if such became necessary; would immediately take over all operations of the ABFSE office to insure total continuity of operations; would be titled Interim Executive Director; and would serve in this capacity until a permanent successor is identified by the ABFSE.

L. FILE MAINTENANCE: For each accredited program the ABFSE office shall maintain on file at least the last two full accreditation and/or pre-accreditation reviews. This shall include the last two committee decisions, periodic review reports, if any, institutional responses to reports, special reviews, if any, responses to stipulations, if any, and committee final actions. The file shall also contain the most recent Self study Report. In addition, the written record of all decisions made throughout an institution's or program's affiliation with the COA regarding its candidacy, accreditation, and any substantive changes -- including all correspondence that is significantly related to those decisions -- will be maintained by the ABFSE office. ABFSE Document Retention and Destruction Policy is found in Appendix L.

M. COLLECTION OF DEFAULT RATES: Accredited institutions for which the ABFSE serves as primary accreditor (single purpose, stand alone, non-regionally accredited funeral service colleges) must submit, along with the annual report, default rate for USDE Title IV programs. The committee will take appropriate action thereupon at their next scheduled meeting or at a special meeting if the default rates warrant immediate action.
N. COMPLAINTS ABOUT THE COMMITTEE ON ACCREDITATION: When a written complaint is filed with the ABFSE office or the COA related to the Standards or procedures, the following actions will be taken:

1. the complainant will be notified within 10 days of receipt of the complaint and the fact that the COA will review the complaint and respond to complainant within 30 days;

2. the COA will meet to review the complaint within 30 days of the acknowledgement to complainant;

3. after the committee meeting, the complainant will be notified of the result(s) and will also be notified of the opportunity for appeal or further input to the committee, as appropriate. This notice to complainant will be sent within 10 days after the COA meeting at which the complaint was discussed;

4. if the complaint is unable to be resolved in a manner considered satisfactory by the complainant, complainant may appeal the committee action to the ABFSE Executive Committee for independent review. Complainant has 30 days from receipt of the committee’s decision to file this appeal;

5. upon receipt of such appeal, complainant will be notified that the ABFSE Executive Committee will review the committee’s decision and respond to the appeal within 30 days;

6. the Executive Committee will prepare a report and recommendation to the Committee on Accreditation for its consideration. A copy will be provided to the complainant;

7. the COA will meet to review the report and recommendation of the Executive Committee within 30 days of the receipt of the report and to make a final decision on the complaint; and

8. the decision of the ABFSE Committee on Accreditation is final.

O. DIRECTORY OF OFFICERS AND COMMITTEES. The Directory of Officers will include the following information about each officer listed:

1. Full name
2. Academic qualifications
3. Professional qualifications
4. Employment affiliation
5. Organizational affiliations

The Directory of Committees will include:
1. Full Name
2. Employment or Association affiliation
3. Contact info with email

P. PROCESS FOR APPOINTING MEMBERS TO THE COMMITTEE ON ACCREDITATION
Also see APPENDIX B

When the term of any member of the Committee on Accreditation is set to expire, the Executive Director will notify the appropriate constituency of the pending vacancy 12 months in advance.

1a. Educators Representing Public and Private Institutions: The Executive Director will send a notice to all accredited institutions and programs when an educator seat on the Committee on Accreditation will be or is vacant. The notice will specify whether the position was filled by a representative from a private or public institution. The College and University Council will nominate three (3) qualified individuals for each open seat on the Committee on Accreditation. Consistent with Section A.2 of Article VI of the By-laws, the COA shall select the new member(s) from the applications or nominees submitted to it by the College and University Council for the applicable private/public seat. In making their selection the COA will strive to maintain the traditional balance of membership with three (3) individuals representing programs in the public
Q. CURRICULUM OUTLINES

1. The following statement shall appear at the bottom of each page of the Curriculum Outlines: “This outline and glossary may not be reproduced without the express written permission of ABFSE.”

2. Member schools are authorized to distribute glossaries to their students.

3. Member schools agree that institutions and three (3) representing the private, single purpose institutions. Individuals selected by the COA to serve as one of the Educator members of the committee must be full-time funeral service faculty or administrators at an ABFSE accredited institution/program, possess a minimum of a master’s degree, be credentialed as a Funeral Director in their state of employment, have completed the Self study/Accreditation Workshop, sign the ABFSE/COA Conflict of Interest Statement (see Appendix G of The Manual), and have at least three years’ experience in funeral service education at an ABFSE accredited institution or program. See application form in Appendix B.

1b. Educators Representing the College and University Council: In the event it becomes necessary to seat one or more representatives from the College and University Council as required by Section A of Article VI of the By-Laws, a notice will be sent to members of the College and University Council soliciting three or more nominations from that group for membership on the COA. Member qualifications are cited in 1a. above. The COA will elect from the list of those nominated. Following that election as future vacancies occur in the College and University representative, the COA will advise that group 12 months prior to a vacancy occurring and solicit nominations in the manner noted elsewhere in Section P. See application form in Appendix B.

2. Member Associations A notice will be sent to the appropriate association requesting that the association nominate three qualified individuals to be considered for appointment. The nominees from each member association may not include its chief executive officer or any sitting members of its board (whether elected or non-elected). Nominees must be selected by a vote of the membership, and not by the board or chief executive officer. When each association receives the invitation to nominate candidates, it will be provided with instructions on how to document its nomination and election procedures. The COA may choose from the list of nominees or it may request that additional names be submitted. The appointment of an association representative to the COA is the sole responsibility of the Committee on Accreditation.

Individuals selected by the COA to serve as Professional members of the Committee must be licensed as funeral service practitioners at the time of their appointment, be actively involved in the profession, sign the ABFSE/COA Conflict of Interest Statement (see Appendix G of The Manual), be members in good standing of their respective national and/or state professional associations, and complete the Self study/Accreditation Workshop within six months of their first meeting.

3. Public A notice will be sent to accredited programs, the associations, and appropriate funeral service organizations requesting that they publish the request for nomination of individuals to serve as public members. The notice will indicate that the public member must be from outside the field of funeral service or funeral service education. (See Appendix B-7) The appointment of a public member to the COA is the sole responsibility of the Committee on Accreditation. Individuals selected by the COA to serve as Public members of the committee must sign the ABFSE/COA Conflict of Interest Statement (see Appendix G of The Manual), complete the Self study/Accreditation Workshop within six months of their first meeting, and meet the ‘public member’ definition appearing in Article VI of the By-laws and Chapter III of The Manual on Accreditation.

At least 25% (of which includes one Educator and one Public Member) of the voting members of the COA must demonstrate significant experience in Distance Education at the supervisory, developmental, or practitioner level.
a. The outline is available to ABFSE accredited member institutions and approved candidates for educational purposes only.

b. The Executive Committee of ABFSE, at its discretion, has the authority to distribute these documents, as it considers appropriate, to ABFSE affiliated members and other member organizations only.

4. The following policies apply to the use and distribution of curriculum outlines:

a. Glossaries (but not Outlines) may be reproduced and distributed to students.

b. Outlines are not to be reproduced or distributed to anyone other than funeral service or related faculty.

c. Outlines may not be posted to public access media (e.g., the www) unless password protected.

d. Outlines and glossaries are not to be duplicated for sale in any form without the written permission of ABFSE.

5. Use of ABFSE curriculum outlines and glossary.

a. The curriculum outlines and glossary of the ABFSE are viewed as intellectual property of the ABFSE. ABFSE holds copyright for the Outlines and accompanying glossaries. Duplication of glossaries in textbooks must be approved by ABFSE.

b. In lieu of royalties for use of the ABFSE outlines and glossaries the following will apply:

R. EXECUTIVE DIRECTOR EVALUATION

1. A detailed, written annual evaluation of the Executive Director is the responsibility of the Chair of the COA and the ABFSE President.

2. The Executive Director prepares a self-evaluation in February each year which is sent to the COA chair and the President. The self-evaluation will include a discussion of the following: an overall assessment of the accomplishments for the year based on the list of responsibilities of the Executive Director; a list of those areas that merited special attention; areas that may need special attention; and goals for the next year.

3. The Executive Director, the COA Chair, and the President will discuss the self-evaluation and any other issues that they may wish to consider.

4. The COA Chair and the ABFSE President shall prepare a written evaluation of the Executive Director based on the Executive Director's work with the COA and with the ABFSE in its entirety. The COA Chair and President shall solicit input from ABFSE Committee chairs, Executive Committee members, and others. The written evaluation includes a discussion of strengths, areas needing more attention, and
recommendations for renewal of appointment (if that is the decision) and also for an appropriate salary increase. Also included in the evaluation are any suggestions for improvement that might be thought beneficial to ABFSE, the COA, and the Executive Director. The Executive Director has an opportunity to review the written evaluation and discuss it with the COA Chair and President before it is finalized.

5. The evaluation of the Executive Director is put on the agenda of the Committee on Accreditation for its April meeting. ABFSE officers shall be invited to the COA meeting for the agenda item. The ABFSE President and officers shall not be present during regular Committee on Accreditation matters prior to the Executive Director evaluation agenda item and shall be excused from the meeting once the agenda item is concluded. A copy of the Executive Director’s self-evaluation as well as the written evaluation by the chair of the COA and President is included as supporting material for that agenda item. At the meeting, the Executive Director is invited to make a brief presentation to the Committee on Accreditation and then the COA Chair and President make a presentation, including their recommendations.

6. Members of the Committee on Accreditation and ABFSE officers are invited to ask questions of the Executive Director, the Chair of the COA, and/or the President.

7. Following full discussion, the Committee on Accreditation and the ABFSE officers vote on the recommendations of the COA Chair and President, including any amendments to the motion. Each member of the Committee on Accreditation receives one vote and each ABFSE officer receives one vote. At no time shall the ABFSE officers have more votes than the total combined votes of the members of the Committee on Accreditation.

8. The action of the Committee on Accreditation and the ABFSE Officers is reported to the full membership at the annual meeting for their information.

S. USE OF ABFSE LOGO

1. The logo created by ABFSE to create brand recognition is for the express use of ABFSE only.

2. In the event an accredited program/institution desires a visual demonstration of accreditation status, the use of the logo in college publications may be authorized with written consent of the Executive Director.

3. Written requests to use the ABFSE logo must designate the name of the school/program as recognized by the ABFSE, the purpose for which the logo will be used and the anticipated length of time the logo will be used.

4. Use of the ABFSE logo in connection with an unaccredited program, including a program in Candidacy, is strictly prohibited.

T. ABFSE BANKING/INVESTMENT POLICY

1. ABFSE funds shall be held in FDIC insured banking institutions with attention paid to limits on total deposits per institution.

2. Appropriate balances are to be held in operating accounts. Excess funds should be transferred to money market (or equivalent) accounts where practical.

3. Where possible, Certificates of Deposit (or similar instruments) shall be utilized.

4. Accounts designated via audit as “Donor Restricted” accounts will be designated on the Budget reports. (example: Scholarship funds).

U. ACKNOWLEDGEMENT OF ILLNESS AND DEATH POLICY
1. When the ABFSE office is notified of the illness of an ABFSE member, a Get Well card will be mailed as soon as possible.

2. ABFSE will acknowledge the death of a member, spouse, child, or parents of members with an email notification to the ABFSE community, sympathy card and flowers or a donation to either the memorial chosen by the family or to the ABFSE Scholarship Fund ($100)

3. The same policy will apply for members of the ABFSE Executive Committee, Committee on Accreditation, ABFSE staff and past officers of ABFSE.

4. Email notification to the ABFSE community and card are authorized for past members of ABFSE.

5. An ABFSE representative to attend the funeral is authorized for an ABFSE member. The Executive Director has discretion to make exceptions.

6. ABFSE makes every effort to acknowledge the loss of members (and family) during the Annual Conference “Prayer of Remembrance.”

V. ABFSE EXPENSE REIMBURSEMENT POLICY

Individuals authorized to represent ABFSE and COA are eligible for reimbursement of reasonable and necessary travel expenses (i.e., site visits, invited guests/presenters, attendance at COA meetings, etc.).

Reimbursement is to include:

1. Transportation, i.e., regular airfare (no 1st class) with bag fees, mileage to/from airport, parking, transfers, rental car when that is best option, and mileage at current IRS approved rate, etc. (when personal auto is mode of travel, mileage reimbursement should be comparable to other modes of travel).

2. Lodging, including local taxes. Early arrival or late departure not related to the event will be the responsibility of the traveler.

3. Meals (alcoholic beverages will not be billed to an institution during site visits without prior approval).

4. Ground transportation to meals and back to the hotel during authorized travel.

5. Gratuities.

W. TRAVEL DISRUPTION POLICY

In the event that travel for site visits, etc. is disrupted, the following will apply to travel reimbursement considerations:

1. When weather and issues outside the control of the traveler intervene, reasonable efforts to re-schedule should be attempted. Re-booking fees will be included in the travel reimbursement request.

2. Should illness prevent a team member from participating in an assignment, COA may approve reasonable expenses and time spent in preparation.

3. Purchase of travel insurance is not recommended unless extenuating circumstances apply. Such occurrences should be reviewed with the Executive Director prior to the purchase of travel insurance, unless this is impossible.

4. Schedule changes made solely to accommodate the traveler are not generally approved for reimbursement, unless such changes positively impact travel expense.

5. Questions and requests for exceptions to these guidelines should be addressed to the Executive Director.

GUIDE FOR THE
SELF STUDY PROCESS AND REPORT
APPENDIX
GUIDE FOR SELF STUDY PROCESS AND REPORT

INTRODUCTION:

This section of the Accreditation and Policy Manual is intended to assist programs with the Self study process and preparing the Self study document prior to an accreditation visit. Chapter V of the Accreditation and Policy Manual presents an overview of the accreditation process and important information related to the Self study process and report. It should be read before proceeding with this section.

Program directors are expected to attend a Self study workshop held in April and October each year. PowerPoint notes from the workshop are available at the ‘For Educators’ page of the ABFSE website.

I. ORGANIZING AND CONDUCTING THE SELF STUDY PROCESS

As noted in Chapter V, a Self study is a formal process during which an educational institution or program critically examines its structure and substance, judges the program's overall effectiveness relative to its mission, identifies specific strengths and deficiencies and identifies a plan for any necessary modification and improvements. Because the formalized process takes many months, programs should begin well in advance of an anticipated site visit.

Ideally, the Self study should be an integral part of the program's ongoing self-evaluation and not constitute the only evidence of planning which takes place.

Programs seeking Initial Accreditation often use consultants as guides through the process. This is not an ABFSE requirement, but many programs find it to be valuable. The American Board of Funeral Service Education office can provide contact info for individuals who have provided consultant services.

Following are general procedures to follow in the preparation of the Self study.

1. Approximately 18 months in advance of reaccreditation, the program is notified by letter of the approximate date for the next comprehensive evaluation. This letter also suggests a timeline for the process.

2. Approximately one year in advance, the program should establish a Self study Steering Committee whose responsibility will be completion of the final document. The makeup of the committee varies. However, most include membership from departmental faculty along with student representation from the department. The committee is most often, but not always, chaired by the head of the program. It is important, however, that one person be assigned overall responsibility for insuring the work is done on time, that it progresses as it should, that all assignments are carried out properly, and that the electronic self study document is submitted on time.

3. The committee organizes itself to collect data with regard to each of the standards of accreditation. This process generally involves meetings with campus personnel, program alumni, and advisory board members. Task Committees dealing with specific standards are often used. All committees used should be structured to be analytical and encouraged to question and debate broadly. A result of the Self study should always be a broader knowledge of the program, its underlying philosophy, and the application of that philosophy to its students. Demonstrating how departmental goals are integrated with institutional goals is always important.

4. To conduct the Self study, the program director should preview the Word version of the self study available from the ABFSE office or via the ‘For Educators’ page of the ABFSE. This is intended as a resource to ensure that the questions about each standard are adequately addressed.

5. The self study will be submitted electronically. Evidence to support answers and responses to the standards is to be uploaded. Scanned documents or PDF files are preferred for presentation of evidence.
II. ORGANIZING AND COMPLETING THE SELF STUDY REPORT

A. Instructions for organizing the Self study.

The Self study is expected to be a document of evidence. Questions related to each standard are designed to ensure that necessary information is provided. For each Standard there is an option to supplement the response to questions with analysis and projection, to provide additional clarity regarding the manner in which the standards are being met and to explain future plans.

The electronic Self study Report is organized as follows:

- **INTRODUCTION**
- **STANDARDS**
- **ADDITIONAL INFORMATION**

**Introduction** includes basic instructions. Here the Program will upload:
1. Transmittal Form (B-3)
2. Program and Institutional Data Form (B-4)
3. Brief Description of the Self study Process
4. Description of Remediation of previously-cited deficiencies

**Standards**
The program is expected to provide a realistic description of its present status with regard to each Standard. Questions for each standard have been provided in order to focus the response on areas of interest to COA. Supporting documents and evidence will be uploaded with responses.

Responses will typically be a narrative text, answers to yes/no type questions and / or upload of supporting documents. In some cases, the URL will be requested. However, **links to evidence documents are not acceptable**. Since the Self study will be stored electronically, the basic document and supporting materials must be accessible in the future. Uploaded Word, Excel and/or PDF files are expected. Links are unlikely to survive changes to websites, etc. and therefore will not be accessible over time. In some cases, uploaded photos will fulfill the expectations.

**Additional Information** includes Summary and Conclusions and Appendix E. This is the opportunity to provide a brief summary of program strengths, concerns, and plans to correct any problems discovered during the Self study process.

Appendix E is required for programs offering distance education. Many elements of Appendix E have been incorporated into the 2020 version of the electronic ABFSE Self study. Distance Education responses to Standards 9 and 10 (Appendix E) are found in the Additional Information section.

B. Completing the Report

One advantage of using available accreditation software - No TABLE OF CONTENTS for the Self study Report is necessary.

C-2
Introduction:

1. TRANSMITTAL FORM. (B-3)
   This form is uploaded in the Introduction section. The original form accompanies payment of the comprehensive review invoice.

2. PROGRAM AND INSTITUTION DATA FORM (B-4)
   Complete the Program and Institution Data Form (B-4), providing data in short answers or chart form as indicated in the directions on the form. Items 19 and 20 are completed via the Curriculum Overview (Excel) Chart and the Faculty Data Sheet (Word and Excel). Both are uploaded in response to other standards.

3. BRIEF DESCRIPTION OF THE SELF STUDY PROCESS
   Describe the process which resulted in the Self study Report, including the names and titles of individuals involved, their Self study committee assignments and the time schedule followed.

4. DESCRIPTION OF REMEDIATION OF PREVIOUSLY-CITED DEFICIENCIES
   If the program has been evaluated previously, indicate what the program has done since the last review to correct any deficiencies that may have been cited.

Standards:
After completing the questions associated with each standard there is an opportunity to provide an optional summary of the manner in which the program maintains compliance with the overall Standard. The optional summary is an opportunity to comment on compliance efforts not covered by the questions.

Additional Information:
SUMMARY AND CONCLUSIONS
Provide a brief summary of overall program strengths, concerns, and plans to correct any problems discovered during the Self study process.

APPENDIX E is required for all programs offering distance education. (be sure to review Appendix E before starting the Self study process.)

III. DOCUMENTS. Review the Self study Report and the evidence to support the report begins before the site visit team arrives on the campus. Therefore, pertinent documentation should be uploaded in the response to each Standard. If this is not possible or practical, exceptions must be discussed with the team chair in advance and noted in the Self study document.

Institutions are expected to label each evidence file or folder using a readily identifiable name or title and/or by standard and substandard number, i.e. for Standard 1.1 or Standard 6.8.9. Embalming case reports by year/semester, student, etc.

When paper documents are necessary, they should be available in the team workroom for review during the on-site visit.

The Self study Report, the team’s on-site visit report, the program’s response to that report, and the interaction of program representatives with the Committee on Accreditation form the basis on which the COA determines compliance or non-compliance with the Accreditation Standards and ultimately the accreditation decision.
IV. SITE VISIT. The actual sequence of the site visit will vary depending upon the program to be visited. A sample site visit agenda is presented as a guide.

Effective 2022
AMERICAN BOARD OF FUNERAL SERVICE EDUCATION, INC.

SCHEDULE OF FEES

Fees are due as indicated. Failure to submit when due may also lead to warning, probation, or loss of accreditation.

1.  CANDIDACY
   a.  PRE-CANDIDACY VISITATION EXPENSE
      Each program anticipating applying for Candidacy is required to have a consulting visit by the ABFSE Executive Director normally accompanied by a member of the COA or one of the site visit team chairs. This visit is to review status of the program, including its ability to meet ABFSE Candidacy Eligibility Requirements and ABFSE Standards of Accreditation. The visit allows the Executive Director to provide general application process assistance. Cost of the visit is borne by the program. A $2,000 deposit is required. Costs include travel expenses for the Executive Director and 2nd person plus a stipend of $750 to the 2nd person. Costs in excess of $2,000 will be billed to the institution. Refund is provided when costs are less than the deposit.

DISTANCE EDUCATION
GUIDELINES and
REQUIREMENTS
APPENDIX E

Distance Education

ABFSE policy stipulates that the Accreditation Standards apply regardless of the method of delivery. Distance Education offerings must meet all Standards in addition to meeting requirements of the U.S. Department of Education. Distance Education offerings also need to be evaluated with consideration of regional accreditor practices.

Funeral Service students are increasingly able to complete significant portions of their degree programs without face-to-face interaction. As distance education options proliferate, accreditation agencies are developing standards which will help ensure that all distance learning programs are consistent with the role and mission of the institution and that they receive academic and administrative support to a similar degree as all other institutional programs.

Therefore, based on the work completed by the regional accreditors, and the Council of Regional Accrediting Commissions (C-RAC), the original ABFSE distance education guidelines developed in October 2000 have been revised and updated to closely parallel the C-RAC Interregional Guidelines for the Evaluation of Distance Education. C-RAC is a collective of seven regional organizations responsible for the accreditation of roughly 3,000 of the nation’s colleges and universities. The National Council for State Authorization Reciprocity Agreements (NC-SARA) requires each institution participating in SARA (whether accredited by a “regional” or other recognized accreditor) “to attest that their institution meets and agrees to comply with” the C-RAC 2011 Interregional Guideline’s nine primary provisions. It is intended that Appendix E be used by institutions in planning the use of distance education strategies and for the ongoing review and assessment of distance education once implemented.

Each program/institution which offers one or more courses via Distance Education formats must specifically address that course or courses independent of its discussion of other courses. This discussion must proceed on two levels. First, as each Standard is discussed, specific reference must be made to how the Standard is met by the Distance Education offering(s). Second, the Self study must demonstrate how each element in the Appendix E Guidelines is satisfied for each course offered via Distance Education.

The Self Study discussion and the Site Visit Team Report relative to Distance Education offerings will assess the extent to which the courses and the educational services offered in support of Distance Education are structured. Moreover, discussion and reports must include evidence that demonstrates the presence of regular and substantive interaction that is initiated by faculty members and that is academic in nature. Admissions, registration, academic advising and counseling, tuition and fee payments, bookstore, library, tutoring and other academic and student support services for students enrolled in distance education courses and programs must be addressed. The Self study discussion and the Site Visit Report relative to Distance Education must also assess academic and technological support for faculty (e.g., faculty training for distance education course development, access to computer equipment, distance education support systems, etc.).

ABFSE Distance Education Definitions

Distance education refers to instruction offered through online learning and/or other electronic means, where the student and faculty member are in separate physical locations.

A distance education course refers to one in which instructional content is substantially delivered, either, synchronously or asynchronously, to students located in a physical location separate from the faculty member.

A hybrid course is subject to distance education requirements if 50% or more of the course is delivered via distance. Hybrid courses may be described in other terminology such as blended or web-enhanced, etc. Identity verification procedures must be in place if tests and exams are administered online.

A distance education program refers to an accredited program in which 50% or more of the courses are delivered, either synchronously or asynchronously, to students located in a physical location separate from the faculty member.
Federal Regulation §602.3 describes distance education as education that uses one or more of the technologies such as the internet, open broadcast transmission, audioconferencing, etc. to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously.

This regulation defines a correspondence course as “a course provided by an institution under which the institution provides instructional materials, by mail or electronic transmission, including examinations on the materials, to students who are separated from the instructor. Interaction between the instructor and student is limited, is not regular and substantive, and is primarily initiated by the student. Correspondence courses are typically self-paced.

Taken together, the primary factor distinguishing distance education from correspondence education is the presence of “regular and substantive interaction” between the faculty member and students. Self-study reports should provide evidence related to the following criteria related to regular and substantive interaction:

1. Interaction is initiated by the course’s instructor.
2. Interaction must be “regular” and at least somewhat frequent (at least weekly).
3. Interaction must be “substantive” – of an academic nature.

Reviewers are looking for regular, faculty-initiated interaction that promotes the achievement of the course’s stated learning objectives and outcomes.¹

Federal regulations pertaining to ABFSE’s distance education responsibilities

Federal Regulation §602.15 requires that the ABFSE “has the administrative and fiscal capability to carry out its accreditation activities in light of its requested scope of recognition.”

Federal Regulation §602.17g requires “institutions that offer distance education or correspondence education to have processes in place through which the institution establishes that the student who registers in a distance education or correspondence education course or program is the same student who participates in and completes the course or program and receives the academic credit. The agency (ABFSE) meets this requirement if it—

(1) Requires institutions to verify the identity of a student who participates in class or coursework by using, at the option of the institution, methods such as—
   (i) A secure login and pass code;
   (ii) Proctored examinations; and
   (iii) New or other technologies and practices that are effective in verifying student identity; and
(2) Makes clear in writing that institutions must use processes that protect student privacy and notify students of any projected additional student charges associated with the verification of student identity at the time of registration or enrollment.”

Federal Regulation §668.72 speaks to misrepresentation concerning the nature of an eligible institution’s education program, with language specific to state board licensing requirements.

Misrepresentation concerning the nature of an eligible institution’s educational program includes, but is not limited to, false, erroneous or misleading statements concerning—

* * *
(c) Whether successful completion of a course of instruction qualifies a student—

functions in the States in which the educational program is offered, or to meet additional conditions that the institution knows or reasonably should know are generally needed to secure employment in a recognized occupation for which the program is represented to prepare students.

Note that the definition of “misrepresentation” does not require intent: “A misleading statement includes any statement that has the likelihood or tendency to deceive.” 34 CFR 668.71(c). Therefore, a Federal regulatory obligation exists to provide professional licensure notifications and disclosures to prospective and enrolled students if the institution participates in Title IV HEA programs.

**State Regulations pertaining to ABFSE-accredited Institutions**

State authorization is a formal determination by a higher education agency (commonly a higher education board or commission) that allows an institution to conduct certain activities within its borders. Examples of these activities (often called “triggers”) include, but are not limited to, online students taking courses while in a particular state, face-to-face recruiting or targeted (specific to an individual or location) advertising, internships or other supervised field experiences, hiring a faculty member who resides in a certain state, or having a branch campus in another state. Institutions are responsible to know the triggers in each state and U.S. territory, and either not commence the activity that triggers the need for authorization or apply for and obtain state authorization, which gives permission to conduct activities in the state. Every state is different. Triggers vary from state-to-state. The cost and time to obtain and maintain authorization also varies widely.

In addition, each state has different standards for occupations that require a professional license or certification. Some examples include P-12 teacher, school administrator, school counselor, school psychologist, mental health counselor, family therapist, social worker, psychologist, nurse, CPA, funeral director, etc. Some licensing boards have standards an academic program must meet in order for a graduate to be eligible for a license or certification, and also publishes criteria an individual graduate must meet to be eligible for a license. It is the responsibility of institutions to know both sides of the professional licensing standards for each state where their graduates may seek a license or certification.

State authorization coupled with professional licensure is very complicated. The National Council for State Authorization Agreements (NC-SARA) administers an agreement between states that allows an institution approved in its home state to be approved in all other states that are members of the agreement. As advantageous as SARA is, SARA does not automatically cover the requirement (in some states) for institutions to have licensure-track program approval by state professional licensing boards. Each professional licensing board in every state is autonomous and establishes and governs the standards a program or a graduate must meet in order to earn a license or certification in a professional field. So, while SARA provides reciprocity for state authorization, it does not provide reciprocity or automatic approval for licensure track programs by professional licensing boards. An institution should determine the ways and how often it will communicate professional licensure information to its students and prospective students. Some state authorization entities require such notification and the federal government already requires this through the misrepresentation and gainful employment rules and ties compliance with these rules to the institution’s Title IV eligibility.²

E-1-3
Distance Education Guidelines

All programs offering distance education courses for funeral service are required to address the Appendix E Guidelines in the Self study (and/or Substantive Change Application). ABFSE serves a ‘gatekeeper’ for most single purpose institutions. All distance education courses offered by these ‘gatekeeper’ institutions are included in the evaluation (general education and funeral specific courses).

ABFSE is not required to monitor general education courses offered by regionally accredited institutions. However, all funeral specific courses are subject to the Appendix E Guidelines.

When an accredited program adds distance education offerings and reaches the point where 50% or more of the program courses are available via distance education a Substantive Change application is required (including subsequent Focus Visit). See the definitions of distance education on page 1 of this Appendix.

These Distance Education Guidelines must be addressed in the accredited program’s Self study and for approval of a Substantive Change to add Distance Education.

Summary of Distance Education Guidelines

1. Distance education is appropriate to the institution’s and Funeral Service Program’s mission and purposes.

2. Plans for developing, sustaining, and, if appropriate, expanding distance education offerings are part of the institution’s and Funeral Service Program’s regular planning and evaluation processes.

3. Distance education is incorporated into the institution’s systems of governance and academic oversight.

4. Curricula for the distance education offerings are coherent, cohesive, and comparable in academic rigor to programs offered in traditional instructional formats.

5. Evaluation of distance education offerings includes the extent to which the distance education goals are achieved and uses the evaluation results to enhance the program.

6. Faculty responsible for distance education courses are appropriately qualified and effectively supported.

7. Effective student and academic support services are available to students enrolled in distance education offerings.

8. Sufficient resources are provided to support and, if appropriate, expand the distance education offerings for Funeral Service.

9. The institution assures the integrity of its distance education offerings.

10. The program complies with regulations in states in which it operates (State Authorization & Professional Licensing).

Guidelines for Virtual Focus Visit

Addition of distance education as the method of delivery of a previously accredited program is a substantive change requiring a Focus Visit as described in the ABFSE Accreditation and Policy Manual (page 8-7, Chapter VIII. 1.1(iii)).

COA may authorize a Virtual Focus Visit when programs initiate a Substantive Change application to add delivery of the accredited program via distance. When the addition of a distance program also involves approval of a new degree an on-site visit may be appropriate.

The Executive Director will assign a 2-person team for the Focus Visit / Virtual Site Visit for evaluation of distance education. One of the permanent Team Chairs will lead the visit.

The virtual visit to review distance education will focus on Appendix E, relevant ABFSE standards and federal requirements. If out of state students are enrolled in the distance program, evidence of authority to operate in those locations, usually state approval, and/or evidence of NC-SARA membership, must be provided.

After being notified of a pending virtual site visit the Institution must review the Substantive Change application and Appendix E document previously submitted. Updated evidence should be added where applicable.

Evidence must be organized in folders to correspond with the appropriate section of Appendix E (for example, “Finance,” “Students,” etc.). These updates are to be submitted three weeks prior to the anticipated start of the virtual visit.

The Team Chair and program director will establish a timeline for the virtual visit (start-finish and synchronized with the institution’s term(s) schedules). Virtual visits generally occur over a period of several months but will not commence until it has been established that additional evidence necessary to update Appendix E compliance is organized and available.

Elements of the Virtual Focus Visit:

- There will be periodic conferences between the team chair and program director to identify evidence needed to inform the review, to address questions resulting from document review and to coordinate team member activity moving forward.

- Access to online courses:
  - Access should enable the team to see all faculty activity and student activity, including communication demonstrating interaction through such items as recorded lectures, discussion forums, course emails, syllabi, and evidence of learning assessment via assignments and exams, etc.

- Access to students and faculty for 1:1 or one to group interviews.
  - Access to include names and contact information.

- Evidence list to support Appendix E (updated evidence to reflect changes made since the Substantive Change application was originally submitted):
  - Structure, Organization and Administration
    - Organizational structure, including staff who are partially or fully engaged in supporting the online program
    - Evidence of approval of the online program by the governing body
    - Institutional polices directly related to online program delivery, including copyright
    - If out of state students are enrolled, evidence of approval to operate in states where students reside
  - Program Learning Outcomes
    - Program learning outcomes of the online program that are consistent with those of the on-campus program.
    - If differences exist, explain why.
  - Administrative Practices and Ethical Standards
    - The current Catalog describing the distance program.
    - All program marketing materials, digital or otherwise.
    - Student complaint process.
- **Finance**
  - Financial support of the distance program must be sustained long enough for the enrolled cohort to complete.
  - Evidence that the financial needs of the distance learning program are included in the institution’s overall budget structure.
  - Verification that the institution’s budget provides for appropriate updating of the technology (software and hardware) necessary to maintain the program.
- **Curriculum**
  - Online course syllabi
  - Means used to address student identity and the integrity of student work

§ 668.16 Standards of administrative capability.

To begin and to continue to participate in any Title IV, HEA program, an institution shall demonstrate to the Secretary that the institution is capable of adequately administering that program under each of the standards established in this section. The Secretary considers an institution to have that administrative capability if the institution—

(a) Administers the Title IV, HEA programs in accordance with all statutory provisions of or applicable to Title IV of the HEA, all applicable regulatory provisions prescribed under that statutory authority, and all applicable special arrangements, agreements, and limitations entered into under the authority of statutes applicable to Title IV of the HEA;

(b)(1) Designates a capable individual to be responsible for administering all the Title IV, HEA programs in which it participates and for coordinating those programs with the institution’s other Federal and non-Federal programs of student financial assistance. The Secretary considers an individual to be "capable" under this paragraph if the individual is certified by the State in which the institution is located, if the State requires certification of financial aid administrators. The Secretary may consider other factors in determining whether an individual is capable, including, but not limited to, the individual’s successful completion of Title IV, HEA program training provided or approved by the Secretary, and previous experience and documented success in administering the Title IV, HEA programs properly;

(2) Uses an adequate number of qualified persons to administer the Title IV, HEA programs in which the institution participates. The Secretary considers the following factors to determine whether an institution uses an adequate number of qualified persons—

(i) The number and types of programs in which the institution participates;

(ii) The number of applications evaluated;

(iii) The number of students who receive any student financial assistance at the institution and the amount of funds administered;

(iv) The financial aid delivery system used by the institution;

(v) The degree of office automation used by the institution in the administration of the Title IV, HEA programs;

(vi) The number and distribution of financial aid staff; and

(vii) The use of third-party servicers to aid in the administration of the Title IV, HEA programs;

(3) Communicates to the individual designated to be responsible for administering Title IV, HEA programs, all the information received by any institutional office that bears on a student’s eligibility for Title IV, HEA program assistance; and

(4) Has written procedures for or written information indicating the responsibilities of the various offices with respect to the approval, disbursement, and delivery of Title IV, HEA program assistance and the preparation and submission of reports to the Secretary;
(c)(1) Administers Title IV, HEA programs with adequate checks and balances in its system of internal controls; and

(2) Divides the functions of authorizing payments and disbursing or delivering funds so that no office has responsibility for both functions with respect to any particular student aided under the programs. For example, the functions of authorizing payments and disbursing or delivering funds must be divided so that for any particular student aided under the programs, the two functions are carried out by at least two organizationally independent individuals who are not members of the same family, as defined in §668.15, or who do not together exercise substantial control, as defined in §668.15, over the institution;

(d) Establishes and maintains records required under this part and the individual Title IV, HEA program regulations;

(e) For purposes of determining student eligibility for assistance under a Title IV, HEA program, establishes, publishes, and applies reasonable standards for measuring whether an otherwise eligible student is maintaining satisfactory progress in his or her educational program. The Secretary considers an institution's standards to be reasonable if the standards—

(1) Are the same as or stricter than the institution's standards for a student enrolled in the same educational program who is not receiving assistance under a Title IV, HEA program;

(2) Include the following elements:

(i) A qualitative component which consists of grades (provided that the standards meet or exceed the requirements of §668.34), work projects completed, or comparable factors that are measurable against a norm.

(ii) A quantitative component that consists of a maximum timeframe in which a student must complete his or her educational program. The timeframe must—

(A) For an undergraduate program, be no longer than 150 percent of the published length of the educational program measured in academic years, terms, credit hours attempted, clock hours completed, etc. as appropriate;

(B) Be divided into increments, not to exceed the lesser of one academic year or one-half the published length of the educational program;

(C) Include a schedule established by the institution designating the minimum percentage or amount of work that a student must successfully complete at the end of each increment to complete his or her educational program within the maximum timeframe; and

(D) Include specific policies defining the effect of course incompletes, withdrawals, repetitions, and noncredit remedial courses on satisfactory progress;

(3) Provide for consistent application of standards to all students within categories of students, e.g., full-time, part-time, undergraduate, and graduate students, and educational programs offered by the institution;

(4) Provide for a determination at the end of each increment by the institution as to whether the student has met the qualitative and quantitative components of the standards (as provided for in paragraphs (c) (2)(i) and (ii) of this section);

(5) Provide specific procedures under which a student may appeal a determination that the student is not making satisfactory progress; and

(6) Provide specific procedures for a student to re-establish that he or she is maintaining satisfactory progress.

(f) Develops and applies an adequate system to identify and resolve discrepancies in the information that the institution receives from different sources with respect to a student's application for financial aid under Title IV, HEA programs. In determining whether the institution's system is adequate, the Secretary considers whether the institution obtains and reviews—

(1) All student aid applications, need analysis documents, Statements of Educational Purpose,
Electronic Code of Federal Regulations:

Statements of Registration Status, and eligibility notification documents presented by or on behalf of each applicant;

(2) Any documents, including any copies of State and Federal income tax returns, that are normally collected by the institution to verify information received from the student or other sources; and

(3) Any other information normally available to the institution regarding a student’s citizenship, previous educational experience, documentation of the student’s social security number, or other factors relating to the student’s eligibility for funds under the Title IV, HEA programs;

(g) Refers to the Office of Inspector General of the Department of Education for investigation—

(1) After conducting the review of an application provided for under paragraph (f) of this section, any credible information indicating that an applicant for Title IV, HEA program assistance may have engaged in fraud or other criminal misconduct in connection with his or her application. The type of information that an institution must refer is that which is relevant to the eligibility of the applicant for Title IV, HEA program assistance, or the amount of the assistance. Examples of this type of information are—

(i) False claims of independent student status;

(ii) False claims of citizenship;

(iii) Use of false identities;

(iv) Forgery of signatures or certifications; and

(v) False statements of income; and

(2) Any credible information indicating that any employee, third-party servicer, or other agent of the institution that acts in a capacity that involves the administration of the Title IV, HEA programs, or the receipt of funds under those programs, may have engaged in fraud, misrepresentation, conversion or breach of fiduciary responsibility, or other illegal conduct involving the Title IV, HEA programs. The type of information that an institution must refer is that which is relevant to the eligibility and funding of the institution and its students through the Title IV, HEA programs;

(h) Provides adequate financial aid counseling to eligible students who apply for Title IV, HEA program assistance. In determining whether an institution provides adequate counseling, the Secretary considers whether its counseling includes information regarding—

(1) The source and amount of each type of aid offered;

(2) The method by which aid is determined and disbursed, delivered, or applied to a student’s account; and

(3) The rights and responsibilities of the student with respect to enrollment at the institution and receipt of financial aid. This information includes the institution’s refund policy, the requirements for the treatment of Title IV, HEA program funds when a student withdraws under §668.22, its standards of satisfactory progress, and other conditions that may alter the students aid package;

(i) Has provided all program and fiscal reports and financial statements required for compliance with the provisions of this part and the individual program regulations in a timely manner;

(j) Shows no evidence of significant problems that affect, as determined by the Secretary, the institution’s ability to administer a Title IV, HEA program and that are identified in—

(1) Reviews of the institution conducted by the Secretary, the Department of Education’s Office of Inspector General, nationally recognized accrediting agencies, guaranty agencies as defined in 34 CFR part 682, the State agency or official by whose authority the institution is legally authorized to provide postsecondary education, or any other law enforcement agency; or

(2) Any findings made in any criminal, civil, or administrative proceeding;

(k) Is not, and does not have any principal or affiliate of the institution (as those terms are defined in 34...
Electronic Code of Federal Regulations:

CFR part 65 that is—

(1) Debarred or suspended under Executive Order (E.O.) 12549 (3 CFR, 1986 Comp., p. 189) or the Federal Acquisition Regulations (FAR), 48 CFR part 9, subpart 9.4; or

(2) Engaging in any activity that is a cause under 34 CFR 85.305 or 85.405 for debarment or suspension under E.O. 12549 (3 CFR, 1986 Comp., p. 189) or the FAR, 48 CFR part 9, subpart 9.4;

(i) For an institution that seeks initial participation in a Title IV, HEA program, does not have more than 33 percent of its undergraduate regular students withdraw from the institution during the institution's latest completed award year. The institution must count all regular students who are enrolled during the latest completed award year, except those students who, during that period—

(1) Withdrew from, dropped out of, or were expelled from the institution;

(2) Were entitled to and actually received a timely manner, a refund of 100 percent of their tuition and fees;

(m)(1) Has a cohort default rate—

(ii) Calculated under subpart M of this part, that is less than 25 percent for each of the three most recent fiscal years for which the Secretary has determined the institution's rate; and

(iii) As defined in 34 CFR 674.8, on loans made under the Federal Perkins Loan Program to students for attendance at that institution that does not exceed 15 percent;

(2)(ii) However, if the Secretary determines that an institution's administrative capability is impaired solely because the institution fails to comply with paragraph (m)(1) of this section, the Secretary allows the institution to continue to participate in the Title IV, HEA programs but may provisionally certify the institution in accordance with §688.13(c); and

(iii) The institution may appeal the loss of full participation in a Title IV, HEA program under paragraph (m)(1) of this section by submitting an erroneous data appeal in writing to the Secretary in accordance with and on the grounds specified in subpart M of this part;

(n) Does not otherwise appear to lack the ability to administer the Title IV, HEA programs competently; and

(p) Participates in the electronic processes that the Secretary—

(1) Provides at no substantial charge to the institution; and

(2) Identifies through a notice published in the Federal Register.

FORMAL REVIEW OF STANDARDS OF ACCREDITATION
APPENDIX H

Formal Review of Standards of Accreditation
(See Also Chapter 10, Section F, page 10-3 of the Accreditation and Policy Manual)

Although the Committee on Accreditation may review the Standards, either in their totality or individually more frequently, a full review of all Standards will occur every five years. The full review will follow the process indicated below:

1. Every five years (beginning in 2007) at its spring meeting the COA will formally initiate the review process. (It will continue at intervals of five years thereafter [i.e., 2012, 2017, 2022, etc.]).

2. Following the spring meeting, the Executive Director will send letters (in electronic format) to the groups/agencies/individuals indicated in numbers 3 and 4 below along with a copy of this Appendix, the timeline noted herein, and a copy of the Standards along with the web address for the Accreditation and Policy Manual. The letters will include a request that each addressee and appropriate constituencies of the addressee formally review each Standard and advise the COA, through the Executive Director, whether the Standard appear appropriate as written, whether changes appear to be in order, or whether Standard should be deleted. In addition, each respondent will be asked to propose any new Standards.

3. Letters, in electronic format, will go to each president or chief executive of an institution which offers an ABFSE accredited funeral service program, each funeral service program director at those institutions, the president (or other appropriate leadership position) of the student funeral service association, the funeral service/mortuary science faculty association president or appropriate leadership position, and the funeral service/mortuary science staff senate president (or other appropriate staff officer). Each recipient will be asked to widely share and publicize to his/he constituency the request for broad participation in the review of the Standards.

4. In addition, the Executive Director will send a similar letter and related materials to the Executive Directors of the ICFSEB, the NFDA, the NFD&MA, and the ICCFA asking for similarly broad dissemination, including publication in their newsletters or magazines.

5. A notice with comparable information will be placed on the ABFSE web site.

6. All such notices will request that responses be received in the ABFSE office not later than the following September 1 and note a strong preference that all responses be in electronic format.

7. All responses will be distributed to members of the COA prior to their fall meeting.

8. The COA will consider all responses and draft proposed changes which will be distributed to those recipients noted above with a request for any secondary comments. The proposed changes will also be posted on the ABFSE web site with a request for further comment. Such notices will advise all recipients that the COA will take formal action in regard to the items at its following spring meeting. Any responses received as a result of this item will be distributed to COA members prior the spring meeting.

9. Any changes to the Standards which occur at the referenced spring meeting will be distributed to all recipients noted above within 30 days after adoption by the COA. Changes will also be published on the ABFSE web site.
APPENDIX I

ADVERTISING AND STUDENT RECRUITMENT
Accreditation Standard 10 requires that programs/institutions have statements to show that they follow ethical practices in student admission and other student-related matters and that they publish either their own statement regarding such practices or specifically refer in program materials to their adherence to recognized documents on ethical practice such as those available from the American Association of Collegiate Registrars and Admissions Offices (AACRAO) or from several of the regional accrediting agencies. In order to provide a sample of the type of statements that are available, the ABFSE has reprinted below the policy now used by a regional accreditor (Middle States). Programs and institutions seeking to develop an appropriate policy dealing with student admissions and related matters may find the Middle States document to be a useful resource.

Considerations for calculation of:

NBE pass rate
Graduation rate
Job placement rate
APPENDIX J

NBE Pass Rate Calculations

The Committee on Accreditation recognizes that students who take the NBE 12 months or more after completion of formal instruction may have a diminished capacity for success on the NBE and may fail the test. Such failures may reflect the delay in taking the test rather than the current instructional success of the program. In order to obtain accurate outcomes assessment for current program evaluation, the COA will consider exemptions to the NBE pass rate for failures in the following situation:

When a student graduates but does not take the NBE within one year of completing the graduation requirements, the program director may request an exemption of that student's NBE results from the current year's NBE Pass Rate Calculation. The written exemption request must include:

1. Printed on school letterhead
   Signed by Program Director
   Identify the student(s) by name and ID number.

2. Verify date that NBE Arts & Sciences were taken

3. An official transcript* with graduation posted. This transcript must demonstrate that no funeral program course work (with the exception of an optional NBE review course) was completed during a 12 month period prior to taking the first section of the NBE.

4. A college catalog to establish the graduation requirements pertaining to the student

The ABFSE office will establish due dates for submission of documentation. Based on current procedures for receipt of NBE results, documentation must be received by March 1 in order to be considered.

*Due to the constraints regarding release of official transcripts, the Executive Director has the discretion to accept an unofficial copy of the transcript, signed and dated by the Program Director, as long as such copy demonstrates the semester(s) during which courses were taken.

The Executive Director will determine the accuracy of the requests to adjust NBE pass rates. Questionable requests will be referred to the COA for action. There will be no retroactive adjustments after the due date and no adjustments will be made to previous year statistics.

The revised NBE Pass Rates are to be used by the institution in all public presentations of data involving NBE pass rates, including the program website. Revised NBE Pass Rates will be utilized when calculating 3 year average NBE pass rates posted in the Directory of Programs on the ABFSE website.
Providing Exemption Request info in a format similar to the example below is helpful.

*note:*
Only 1 college catalog is necessary per graduation year.
Catalog is to verify graduation requirements that apply to the named student(s) in the exemption request.

*For example*, if the exemption request covers 3 students from 2018, then only 1 catalog excerpt is necessary.
But, if there are 3 exemption requests and each student graduated in a different year, verification of applicable graduation requirements is necessary.
Graduation Rate Calculations

The Committee on Accreditation recognizes that students complete their education at different paces. (i.e. full-time v. part-time)
ABFSE accreditation standards regarding graduation rates are written with the full-time student in mind.
As a result, the following will be considered in reporting graduation rates:

- Part-time students will be identified in the cohort tracking process
- The program will identify the part-time option(s) that are available and the projected amount of time for on-time completion as a part-time student.
- Students completing the part-time program in 1 ½ times projected program length will be identified as on-time graduates.

Program director will document the part-time program completion in the following manner:

Identify graduates completing the program on part-time basis
Notification on school letterhead
Signed by Program Director
Copy of an official college publication (excerpts) to establish the graduation requirements pertaining to part-time students

Documentation must be received by March 1.
Employment Rate Calculation

The Committee on Accreditation recognizes that students have multiple career options available upon graduation.
Standard 10.3.3 identifies the manner in which the job placement rate is to be calculated.
The ABFSE Directory will identify total job placement and funeral service related job placement.

10.3.3 Employment rates: Graduate employment data must be provided on the Annual Report. Job placement is to be calculated within six months of each student’s graduation. A survey done at graduation will be accepted as ‘within 6 months.’ Students for whom no data is available will be considered not employed. Funeral service-related employment, active military duty, or enrollment in further higher education count as employment for this calculation.

All graduates will be considered in the total job placement rate.
Total job placement and funeral service related placement rates will be the same only when all graduates have Funeral Service employment.
Job placement data may be updated one time during the next calendar year upon written notification to the ABFSE office, if a survey 6 months following graduation provides significant updates.

Written notification will be considered a letter
Printed on school letterhead
Signed by Program Director

Requests to adjust job placement rate must be received by March 1 or August 1.

(continued on page K-10)
The following types of substantive change requirements apply to institutions with recognition by the COA that allows them to seek eligibility to participate in Title IV, HEA programs. Please check the appropriate box. In addition to the requirements below, submission of all attachments listed on page K-9 of this application form are also required. A one-day, on-site visit will be required within six (6) months of the effective date of change.

- Entering into a contract under which an institution or organization not certified to participate in the Title IV, HEA programs offers more than 25% of one or more of the accredited institution’s educational programs.

- Establishing an additional location geographically apart from the main campus at which the institution offers at least 50% of an educational program. The addition of such a location must be approved by the COA unless the COA determines, and issues a written statement that the institution has:

  - Successfully completed at least one cycle of accreditation of the maximum length offered by the COA and one renewal, or has been accredited for at least ten years.

  - At least three additional locations that the COA has approved; and

  - Met criteria established by the COA indicating sufficient capacity to add additional locations without individual prior approvals, including at a minimum satisfactory evidence of a system to ensure quality across a distributed enterprise that includes:

    - Clearly identified academic control;
    - Regular evaluation of the locations;
    - Adequate faculty, facilities, resources, and academic and student support systems;
    - Financial stability; and
    - Long-range planning for expansion

The COA’s procedures for approval of an additional location require timely reporting to the COA of every additional location established under this approval.

The COA’s determination or re-determination to pre-approve an institution’s addition of locations may not exceed five years.

The COA will not pre-approve an institution’s addition of locations after the institution undergoes a change in ownership resulting in a change of control until the institution demonstrates that it meets the conditions for the COA to pre-approve additional locations described in this section.

The COA will conduct, at reasonable intervals not to exceed the normal period of accreditation, visits to a representative sample of additional locations utilizing the substantive change application procedures described above.

APPENDIX L

DOCUMENT RETENTION AND DESTRUCTION POLICY
APPENDIX L

ABFSE Document Retention and Destruction Policy
Approved October 2015

The American Board of Funeral Service Education (ABFSE) as a 501.C.3 non-profit corporation engaged in accreditation of educational programs maintains traditional business records and documents relative to the accreditation function. This policy is intended to comply with relevant law, including the IRS, and ABFSE accreditation policies as defined in the ABFSE Accreditation and Policy Manual. The policy ensures that valuable documents are available when needed and the proper disposal of documents that are no longer necessary. Policy also complies with Generally Accepted Recordkeeping Policies as defined by ARMA (Association of Records Managers and Administrators).

Procedures

• **Business Income Tax Returns and Supporting Documents.** A final copy of business income tax returns and related correspondence with the IRS will be maintained permanently. Supportive tax records will be maintained for 7 years.

• **Employment Tax Records.** Employment tax records will be maintained for 4 years after the date taxes were due or were paid, whichever is later. These employment tax records include employer identification number, amounts and dates of wage and retirement payments and tax deposits, the names, addresses, social security numbers, dates of employment and occupations of employees and records of allocated tips and fringe benefits.

• **Business Asset Records.** Business asset records will be maintained in a safe deposit box until the property is sold or otherwise properly disposed.

• **Business Ledgers and Other Key Documents.** Major business documents, i.e. annual reports, corporate by-laws and amendments, Board of Director information, annual meeting minutes and business formation documents, will be retained on a permanent basis. Profit and loss and other financial statements will be retained on a permanent basis. Journal entries check registers; general business ledgers including accounts payable/receivable ledgers will be retained for 7 years. Invoices and expense reports will be retained for 7 years unless site visit/accreditation policy supersedes.

• **Human Resources Files.** Excluding employment tax records, files relating to current employees should be retained while they are working and for 7 years after a current or former employee has left or been terminated. This includes records of employee benefits, i.e. Simple IRA.
  - For job applicants, who were not hired, keep files for 3 years.
  - If an employee suffers an accident on the job, retain pertinent documentation for 7 years after that matter is resolved or 10 years after which any workers compensation benefits are paid or as mandated by OSHA.
  - If an employee lodges a discrimination claim, retain records for 4 years after the case is finally concluded.

• **Cancelled Checks.** Destroy paper copies after 7 years.

• **Bank Account and Credit Card Statements.** Retained detailed annual statements for 7 years. Dispose of underlying monthly statements after 24 months.

• **ABFSE File Maintenance.** For each accredited program the ABFSE office shall maintain on file at least the last two full accreditation and/or pre-accreditation reviews. This shall include the last two committee reports, periodic review reports, if any, institutional responses to reports, special reviews, if any, responses to stipulations, if any, and committee final actions. The file shall also contain the most recent Self study Report. In addition, the written record of all decisions made throughout an institution's or program's affiliation with the COA regarding its candidacy, accreditation, and any substantive changes -- including all correspondence that is significantly related to those decisions -- will be maintained in the ABFSE office.

• **ABFSE is not the repository of any current student files. However, ABFSE is responsible for academic records from certain closed institutions (for which ABFSE became repository of documents under Standard 10.5.3) and**
thus subject to FERPA guidelines. FERPA does not provide specific requirements for educational agencies and institutions regarding disposition or destruction of the data they collect or maintain themselves, other than requiring safeguard of FERPA-protected data from unauthorized disclosure, and not to destroy any education records if there is an outstanding request to inspect or review them.

Steps for Candidacy and Sample Timeline

Steps for Candidacy

Step 1: Interested institution contacts ABFSE office for info.
Provides specific contact information (at minimum, name of contact person, institution, location, phone and email).

Institutions may find it desirable to hire a consultant familiar with ABFSE accreditation to assist with the Candidacy process.

Step 2: Visit to school by Executive Director (and team chair or COA member) prior to the submission of an application for Candidacy.

Step 3: At least 90 days prior to a scheduled COA meeting (April and October)
Notify the ABFSE office of intent to submit a Candidacy application for review at the scheduled meeting to ensure inclusion on the agenda.

Step 4: At least 60 days prior to a scheduled COA meeting (April and October)
Submit Application (Form B-1 in Appendix B of Manual)
Submit Self study (feasibility) document
Submit Candidacy fee

After Self study document is reviewed and is determined to be complete, a 3-person site visit team is assigned.

Step 5: Site visit

Step 6: Candidacy Application, Feasibility Self Study document, Site visit team report and school response to site visit are viewed at a regular meeting of COA.
School representatives are expected to be present to answer questions.

Note: Purchase ABFSE Curriculum Outlines is part of the Candidacy fees. Many schools do this in a 2-step process:

1. Purchase outlines
2. Remainder of fee with Candidacy application.

(There is no prescribed point in the process where acquisition of outlines must be done. However, the self study does require completion of a curriculum distribution form which will be difficult to accomplish without the curriculum outlines.)
